#### 1. Identification

Product Identifier Cream Soda

Other means of Identification Flavor

**Recommended use**Not available **Recommended restriction**Not known

Manufacturer/Importer/Supplier/Distributor Information:

Manufacturer Company Name RENAISSANCE FLAVORS INTERNATIONAL

Address 120 Nashdene Road, Scarborough, ON, Canada M1V 2W3

TelephoneNot availableE-mailNot availableEmergency phone numberNot availableSupplierSee above.

#### 2. Hazard Identification

Physical Hazards Not classified

Health Hazards Skin Sensitization Category 1

**Environmental Hazards** Not Classified

Label elements

Signal word Warning

**Hazard statement** May cause an allergic skin reaction.

**Precautionary statement** 

**Prevention** Avoid breathing dust/fume/gas/mist/vapours/spray.

Contaminated work clothing should not be allowed out of the workplace.

Wear protective gloves.

**Response** IF on SKIN: Wash with plenty of soap and water.

If skin irritation or rash occurs: Get medical advice/attention.

Wash contaminated clothing before reuse.

**Store** None

**Disposal** Dispose container in accordance with local, regional, national and international regulation.

Other Hazards None known.

**Supplemental Information** None.

## 3. Composition/Information on Ingredients

	3. Composition/Information	on Ingredients			
Mixtures					
Chemical name	Common name and Synonyms	CAS number	0/0		
Maltol		118-71-8	0.1-1*%		
Ethyl Maltol	4940-11-8 0.1-1*%				
Vanillin	121-33-5 1-5*%				
Ethyl Alcohol	64-17-5 3-7*%				
Propylene Glycol	57-55-6 80-100* %				
All concentrations are in percent by we	eight unless ingredient is a gas. Gas co	oncentrations are in perce	nt by volume.		
Composition comments	*CANADA GHS: The exact percentage(concentration) of composition has been withheld				
	As a trade secret.				
	4. First-Aid Mea	sures			
Inhalation	If symptoms develop move victim to fresh air. If symptoms persist, obtain medical				
Cl. Control	r v				
Skin Contact					
Eye Contact	contaminated clothing and wash it before reuse.  Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy				
	to do. Continue rinsing.				
Ingestion	Immediately call a POISON CENTER or doctor. Rinse mouth. Do not induce vomiting.				
Most important Symptoms/	Symptoms may include eye irritation, tearing, redness, swelling. May cause an allergic				
Effects acute and delayed	skin reaction: Dermatitis, Rash.				
Indication of immediate medical	Symptoms may be delayed.				
attention and special treatment need	ed				
<b>General Information</b>	If you feel unwell, seek medical advice (show the label where possible). Show this safety				
	data sheet to the doctor in attendance	e. Wash contaminated clo	thing before reuse. Avoid		
	contact with eyes and skin. Keep ou	t of reach of children.			
	5. Fire-Fighting M	easures			
Suitable extinguishing media	Alcohol resistant foam. Dry powder	. Carbon dioxide.			
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread fire.				
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.				
<b>Hazardous Combustion products</b>	May include and are not limited to Oxides of carbon.				
Special protective equipment and Precautions for firefighters	Self-contained breathing apparatus a	and full protective clothin	g must be worn.		
Fire fighting equipment/instructions	Move containers from fire area if yo	ou can do so without risk.			
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials				
<b>General Fire Hazards</b>	Flammable liquid and vapor.				

# 6. Accidental Release Measures

Personal precautions, Protective equipment and Emergency procedures	Keep unnecessary personnel away. Kee-p people away from and upwind of spill/leak. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up	Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. Clean surface thoroughly to remove residual contamination. For waste disposal, see the section 13 of SDS.
<b>Environmental precautions</b>	Do not discharge into lakes, streams, ponds or public waters.
	7. Handling and Storage
Precautions for safe handling	Avoid contact with eyes, skin and clothing. Provide adequate ventilation. Wear appropriate personal protective equipment. Pregnant or breastfeeding women must not handle this product. Avoid prolonged exposure. Observe good industrial hygiene practices. Wash hands thoroughly after handling.
Conditions for safe storage, including any compatibilities	Store in tightly closed container. Store away from incompatible material (see section 10 of the SDS). Keep out of reach of children.

Individual protection measures, such as personal protective equipment

**Eye/Face protection** Wear safety glasses with side shields.

Skin protection

**Hand protection** Rubber gloves. Confirm with a reputable supplier first.

**Other** As required by employer code.

**Respiratory protection** Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.

Respirator should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA's respirator standard (29 CFR 1910.134), CAN/CSA-Z94.4 and ANSI's standard for respiratory protection (Z88.2).

Thermal hazards Not applicable

General hygiene considerations Handle in accordance with good industrial hygiene and safety practises. Wash hands

before breaks and immediately after handling the product.

### 9. Physical and Chemical Properties

AppearanceLiquidPhysical stateLiquid

Form Liquid

Colour Colour vary from colorless to light yellow

Odour Generally the odour reflects the flavour on the manufacturing label

**Odour Threshold** Not available pН Not available Melting/Freezing point Not available Initial boiling point and range Not available Flash point Not available **Evaporation rate** Not available Flammability (solid, gas) Not available

Upper/Lower Flammability or Explosive Limits Flammability limit – lower (%) Not available Flammability limit – upper (%) Not available Explosive limit – lower (%) Not available Explosive limit – upper (%) Not available Not available Vapour pressure Not available Vapour density Relative density Not available

Solubility(ies)

Solubility (water) Soluble or miscible in water

Partition coefficient(n-octanol/water) Not available

**Auto-Ignition Temperature** Product is not self-igniting

**Decomposition temperature** Not available Not available Viscosity

**Other Information** 

**Explosive properties** Not explosive Oxidizing properties Not oxidizing

10. Stability and Reactivity

Reactivity The product is stable and non-reactive under normal conditions of use, storage and transport.

Chemical stability Material is stable under normal conditions. **Possibility of Hazardous** 

Reactions

Hazardous polymerization doe not occur.

Conditions to avoid Keep away from heat, hot surfaces, sparks, open flames and ignition sources. Do not mix with other

chemicals.

**Incompatible materials** Strong oxidizing agents.

Hazardous decomposition

May include and are not limited to: Oxides of carbon

products

11. Toxicological Information

Information on likely routes of exposure

Inhalation Not available.

**Skin contact** May cause an allergic skin reaction.

**Eye contact** Not available. **Ingestion** Not available.

waste disposal company.

The waste code should be assigned in discussion between the user, the producer and the

Waste from residues/ unused products

**Contaminated Packaging** 

Empty containers/liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal Instructions).

Since emptied containers may retain product inside, follow label warnings even after container is emptied. Empty containers should be taken to approved waste handling site for recycling or disposal.

### 14. Transport Information

#### General

Canada: TDG Proof of classification: Classification Method: Classified as per Part 2, Sections 2.1-2.8 of the Transport of Dangerous Goods Regulations. If applicable, the technical name and the classification of the product will appear below.

#### Transportation of Dangerous Goods (TDG - Canada)

**Basic shipping requirements:** 

**UN Number** UN1993

**Proper Shipping Name** FLAMMABLE LIQUID, N.O.S.

**Technical Name** Ethanol **Hazard Class Packing Group** Ш **Special Provisions** 16, 150

### 15. Regulatory Information

**Canadian Federal Regulations** 

This product has been classified in accordance with the hazard criteria of the HPR and

SDS contains all the information required by the HPR.

Canada NPRI VOCs with Additional Reporting Requirements: Mass Reporting Threshold/Identification Number

**Export Control List** (CEPA 1999, Schedule 3) Not listed.

**Greenhouse Gases** 

Not listed. **Precursor Control Regulated** Not regulated. WHMIS Controlled **International Regulations** Controlled

**Inventory status** 

Country(s) or Region **Inventory Name** on Inventory (Yes/No)\* Canada Domestic Substances List (DSL) No Non- Domestic Substances List (NDSL) Canada No

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

### 16. Other Information

### **Abbreviations and Acronyms:**

GHS – Globally Harmonizes System on classification and labeling

USP – United States Pharmacopeia

OSHA – Occupational Safety and Health Administration

OEL – Occupational Exposure Limit

NIOSH – National Institute of Occupational Safety and Health

DSL - Domestic Substances List Canada

TSCA - Toxic Substances Control Act - USA

RCRA – Resource Conservation and Recovery Act

CERCLA - Comprehensive Environmental Response, Compensation and Liability Act

**Issue date:** 19 August 2021 **Revision date:** 19 August 2021

Version No.: 01

### **Disclaimer**

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge or was obtained from sources which we believe are reliable. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal and is provided without any warranty regarding its correctness. The information cannot be transferred to other products. In the case of mixing the product with other products, or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material. For the abovementioned reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out or in any way connected with the handling, storage, use or disposal of the product.
