### 1. Identification

Product Identifier Blueberry Pomegranate

Other means of Identification Flavor

**Recommended use**Not available **Recommended restriction**Not known

Manufacturer/Importer/Supplier/Distributor Information:

Manufacturer Company Name RENAISSANCE FLAVORS INTERNATIONAL

Address 120 Nashdene Road, Scarborough, ON, Canada M1V 2W3

TelephoneNot availableE-mailNot availableEmergency phone numberNot availableSupplierSee above.

### 2. Hazard Identification

Physical Hazards Not classified

Health Hazards Skin Sensitization Category 1A

**Environmental Hazards** Not Classified

Label elements

Signal word Warning

**Hazard statement** May cause an allergic skin reaction.

**Precautionary statement** 

 $\label{lem:prevention} \textbf{Prevention} \qquad \qquad \textbf{Avoid breathing dust/fume/gas/mist/vapours/spray}.$ 

Contaminated work clothing should not be allowed out of the workplace.

Wear protective gloves.

**Response** IF on SKIN: Wash with plenty of soap and water.

If skin irritation or rash occurs: Get medical advice/attention.

Wash contaminated clothing before reuse.

Store None.

**Disposal** Dispose container in accordance with local, regional, national and international regulation.

Other Hazards None known.

**Supplemental Information** None.

# 3. Composition/Information on Ingredients

| Mixtures   |   |                               |                             |  |  |  |
|--|---|-------------------------------|-----------------------------|--|--|--|
| Chemical name  | Common name and Synonyms  | CAS number                    | 0/0                         |  |  |  |
| Linalool   |   | 78-70-6                       | 0.1-1*%                     |  |  |  |
| Acetic Acid  |   | 64-19-7                       | 0.1-1*%                     |  |  |  |
| Propylene Glycol   |   | 57-55-6                       | 80-100* %                   |  |  |  |
| All concentrations are in percent by we                          | ight unless ingredient is a gas. Gas co   | oncentrations are in perce    | nt by volume.               |  |  |  |

|  | As a trade secret.  |                               |                             |  |  |  |
|  | 4. First-Aid Mea  | sures                         |                             |  |  |  |
| Inhalation   | If symptoms develop move victim to  | o fresh air. If symptoms p    | ersist, obtain medical      |  |  |  |
|  | attention.  |                               |                             |  |  |  |
| Skin Contact   | Wash with plenty of water. If skin irritation /rash occur: Get medical attention. Take off  |                               |                             |  |  |  |
|  | contaminated clothing and wash it before reuse.   |                               |                             |  |  |  |
| Eye Contact  | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy |                               |                             |  |  |  |
|  | to do. Continue rinsing.  |                               |                             |  |  |  |
| Ingestion  | Immediately call a POISON CENTER or doctor. Rinse mouth. Do not induce vomiting.            |                               |                             |  |  |  |
| Most important Symptoms/   | Symptoms may include eye irritation, tearing, redness, swelling. May cause an allergic      |                               |                             |  |  |  |
| Effects acute and delayed  | skin reaction: Dermatitis, Rash.  |                               |                             |  |  |  |
| Indication of immediate medical                                  | Symptoms may be delayed.  |                               |                             |  |  |  |
| attention and special treatment need                             | ed  |                               |                             |  |  |  |
| General Information  | If you feel unwell, seek medical advice (show the label where possible). Show this safety   |                               |                             |  |  |  |
|  | data sheet to the doctor in attendance. Wash contaminated clothing before reuse. Avoid      |                               |                             |  |  |  |
|  | contact with eyes and skin. Keep out of reach of children.                                  |                               |                             |  |  |  |
|  | 5. Fire-Fighting Mo   | easures                       |                             |  |  |  |
| Suitable extinguishing media                                     | Alcohol resistant foam. Dry powder. Carbon dioxide.   |                               |                             |  |  |  |
| Unsuitable extinguishing media                                   | Do not use water jet as an extinguish   | her, as this will spread fire | 2.                          |  |  |  |
| Specific hazards arising from the chemical                       | During fire, gases hazardous to health may be formed.                                       |                               |                             |  |  |  |
| Hazardous Combustion products                                    | May include and are not limited to O  | Oxides of carbon.             |                             |  |  |  |
| Special protective equipment and<br>Precautions for firefighters | Self-contained breathing apparatus and full protective clothing must be worn.               |                               |                             |  |  |  |
| Fire fighting equipment/instructions                             | Move containers from fire area if yo  | ou can do so without risk.    |                             |  |  |  |
| Specific methods   | Use standard firefighting procedures and consider the hazards of other involved materials   |                               |                             |  |  |  |
| General Fire Hazards   | Flammable liquid and vapor.   |                               |                             |  |  |  |

# 6. Accidental Release Measures

Personal precautions, Protective equipment and Emergency procedures

Keep unnecessary personnel away. Kee-p people away from and upwind of spill/leak. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up

Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. Clean surface thoroughly to remove residual contamination. For waste disposal, see the section 13 of SDS.

**Environmental precautions** 

Do not discharge into lakes, streams, ponds or public waters.

### 7. Handling and Storage

Precautions for safe handling

Avoid contact with eyes, skin and clothing. Provide adequate ventilation. Wear appropriate personal protective equipment. Pregnant or breastfeeding women must not handle this product. Avoid prolonged exposure. Observe good industrial hygiene practices. Wash hands thoroughly after handling.

Value

10 ppm

Conditions for safe storage, including any compatibilities

Store in tightly closed container. Store away from incompatible material (see section 10 of the SDS). Keep out of reach of children.

### 8. Exposure Controls/ Personal Protection

### Occupational exposure limits

Material

### US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910. 1000)

| Material                        | Туре         | value    |
|---------------------------------|--------------|----------|
| ACETIC ACID (CAS 64-19-7)       | PEL          | 25 mg/m3 |
|                                 |              | 10 ppm   |
| US. ACGIH Threshold Limit Value | es           |          |
| Material                        | Туре         | Value    |
| ACETIC ACID (CAS 64-19-7)       | STEL         | 15 ppm   |
|                                 | TWA          | 10 ppm   |
| US. NIOSH: Pocket Guide to Chem | ical Hazards |          |
| Material                        | Type         | Value    |
| ACETIC ACID (CAS 64-19-7)       | STEL         | 37 mg/m3 |
|                                 |              | 15 ppm   |
|                                 | TWA          | 25 mg/m3 |

Individual protection measures, such as personal protective equipment

**Eye/Face protection** Wear safety glasses with side shields.

Skin protection

**Hand protection** Rubber gloves. Confirm with a reputable supplier first.

**Other** As required by employer code.

**Respiratory protection** Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.

Respirator should be selected by and used under the direction of a trained health and safety professional following requirements found in OSHA's respirator standard (29 CFR 1910.134), CAN/CSA-Z94.4 and ANSI's standard for respiratory protection (Z88.2).

Thermal hazards Not applicable

General hygiene considerations Handle in accordance with good industrial hygiene and safety practises. Wash hands

before breaks and immediately after handling the product.

### 9. Physical and Chemical Properties

AppearanceLiquidPhysical stateLiquidFormLiquid

Colour vary from colorless to light yellow

**Odour** Generally the odour reflects the flavour on the manufacturing label

Odour Threshold Not available pH Not available Melting/Freezing point Not available Initial boiling point and range Not available Flash point Not available Evaporation rate Not available Flammability (solid, gas) Not available Upper/Lower Flammability or Explosive Limits

Flammability limit – lower (%) Not available
Flammability limit – upper (%) Not available
Explosive limit – lower (%) Not available
Explosive limit – upper (%) Not available
Vapour pressure Not available
Vapour density Not available
Relative density Not available

Solubility (ies)

Solubility (water) Soluble or miscible in water

Partition coefficient(n-octanol/water) Not available

Auto-Ignition Temperature Product is not self-igniting

Decomposition temperature Not available
Viscosity Not available

Other Information

**Explosive properties** Not explosive **Oxidizing properties** Not oxidizing

### 10. Stability and Reactivity

**Reactivity** The product is stable and non-reactive under normal conditions of use, storage and transport.

**Chemical stability** Material is stable under normal conditions.

Possibility of Hazardous

Hazardous polymerization doe not occur.

Reactions

Conditions to avoid Keep away from heat, hot surfaces, sparks, open flames and ignition sources. Do not mix with other

chemicals.

Incompatible materials

Strong oxidizing agents.

Hazardous decomposition

May include and are not limited to: Oxides of carbon

products

11. Toxicological Information

Information on likely routes of exposure

**Inhalation** Not available.

**Skin contact** May cause an allergic skin reaction.

**Eye contact** Not available. **Ingestion** Not available.

Components Species Test Results

Acetic Acid (CAS 64-19-7)

Acute

Oral

LD50 Rat 3450 mg/kg

Linalool (CAS 78-70-6)

Acute Oral

LD50 Rat 2790 mg/kg

**Skin corrosion/ irritation** Prolonged skin contact cause temporary irritation.

**Exposure minutes** Not available. Not available. Erythema value Oedema value Not available. Serious eye damage/eye irritation Not available. Corneal opacity value Not available. Iris lesion value Not available. Conjunctival reddening value Not available. Conjunctival oedema value Not available. Recover days Not available.

Respiratory or skin sensitization

**Respiratory sensitization** Not a respiratory sensitizer.

**Skin sensitization** May cause an allergic skin reaction.

**Germ cell mutagenicity**No data available to indicate product or any components present at greater than 0.1% are

mutagenic or genotoxic.

Carcinogenicity
Specific target organ toxicity-

Single exposure

Not classified. Not classified.

Specific target organ toxicity-

Not classified.

Repeated exposure

**Aspiration hazard** Not an aspiration hazard.

Chronic effects Prolonged inhalation may be harmful.

| Hazardous Waste Code       | The waste code should be assigned in discussion between the user, the producer and the  |  |   |  |  |  |

Waste from residues/ unused

products

**Contaminated Packaging** 

Empty containers/liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal Instructions).

Since emptied containers may retain product inside, follow label warnings even after container is emptied. Empty containers should be taken to approved waste handling site for recycling or disposal.

### 14. Transport Information

### General

Canada: TDG Proof of classification: Classification Method: Classified as per Part 2, Sections 2.1-2.8 of the Transport of Dangerous Goods Regulations. If applicable, the technical name and the classification of the product will appear below.
