STELVIO SCONCE ANTIQUE BRASS FINISH UP/DOWN LIGHT

PRODUCT DESCRIPTION

Our Stelvio Sconce Light is a low-voltage outdoor light that is affordable and easy to install. It is constructed of solid brass and has clear and heat-resistant flat glass.

This beautiful and practical fixture is the result of design cooperation between Pampa Lighting and Shoreline Designs Lighting & Landscapes. The mount was carefully designed to perfectly fit on all pool cage posts/columns, with a mounting base size of: 1.97" x 1.18" constructed out of stainless steel. Built to survive the elements, the wire ingress point is completely sealed to prevent water from entering the fixture.
