

ezeScan LITE

EzeScan LITE is an entry level desktop and batch scanning tool capable of delivering impressive productivity gains. This cost-effective document scanning solution (no volume scanning restrictions) is easy to use and comes standard with image enhancement features, image annotation and redaction/FOI capabilities. Numerous output image formats can be selected including text searchable PDF. EzeScan LITE supports a large range of scanner hardware including multifunction devices. Simply upgrade to EzeScan PRO when you want to take advantage of the full range of optional capture, automation, and EDRMS integration modules.

Functionality and features:

Scanning / import features

- No volume based restrictions on scanning
- Supports ad-hoc or batch scanning using TWAIN (optional ISIS interface available on request)
- Supports low, medium and high volume scanners
- Supports flatbed, ADF and large format scanners (up to A0 in size)
