SPARKLING BIRCH SAP

PRODUCTS - Syrup

Birch sap syrup BIRZĪ

During the process of slow steaming of the birch sap we get the syrup in a few days. Natural sugars of the sap caramelizes while heating and syrup acquires a dark brown color. Birch sap syrup is a unique product with an unusual sweet-sour taste. For use as a food additive.

Ingredients: birch sap, sugar.
Does not contain preservatives.

100% apple syrup BIRZĪ

In October we collect apple harvest - different sorts of autumn apples which are juicy and sour-sweet. We wash, chop and squeeze juice out of them, which is then steamed until the syrup's consistency is reached. Apple syrup contains only natural apple sugar without any other additives. Suitable for salad dressing and sauces.

Ingredients: apple juice.
Does not contain preservatives.

Meadowsweet syrup BIRZĪ

In July, right after the dew has fallen and just before the Sun has started extracting essential oils from flowers and plants, we gather baskets full of meadowsweet flowers. The essence of these picturesque flowers is turned into syrup which we offer as an additive for the preparation of various dishes. Add it as a sweetener for tea, pour it over pancakes, ice cream and cakes.

Ingredients: apple juice.
Does not contain preservatives.
