INTRODUCTION

RUMEX International Co. is one of the leading manufacturers of high-precision ophthalmic instruments for hand-held surgery. Since 1994 we've been developing innovative top quality products to serve the needs of eye surgeons all over the world.

The distinguished ergonomic design of our instruments, and high quality materials they are composed of, will ensure that every surgical manipulation is gentle and precise.

Sets are advisory, if your surgical technique or professional preference requires a customized set you can easily modify it by picking necessary instruments from a wide range of RUMEX products.

RUMEX International Co. team is always ready to help and facilitate the work of our clients. For your convenience we combined most popular products into special featured sets for all types of ophthalmic surgeries:
