VRA-20	20 Ga, Angled	Multifacet
VRA-23	23 Ga, Angled	Multifacet

HIGH PRECISION DISPOSABLE KNIVES WITH SAFETY LIDS

SHELF LIFE
5 YEARS

Various in geometry and sizes –
equally brilliant in performance
and maneuverability

Cataract
Retina
Glaucoma
LRI

Unique etching technology promotes the distinguishing
features of Rumex Disposable Knives:

- Ultra-thin profile reduces penetration force considerably and contributes to re-epithelialization
- Satin smooth surface for anti-glare effect
- Exquisite sharpness for smooth penetration and withdrawal
- Optimal design of cutting edges allows for controlled diving and continuous tactile feedback
- Absolutely predictable performance of watertight scleral and corneal incisions
