

COCKTAIL TABLE – SALT

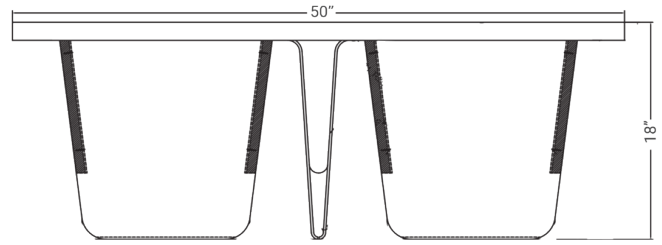

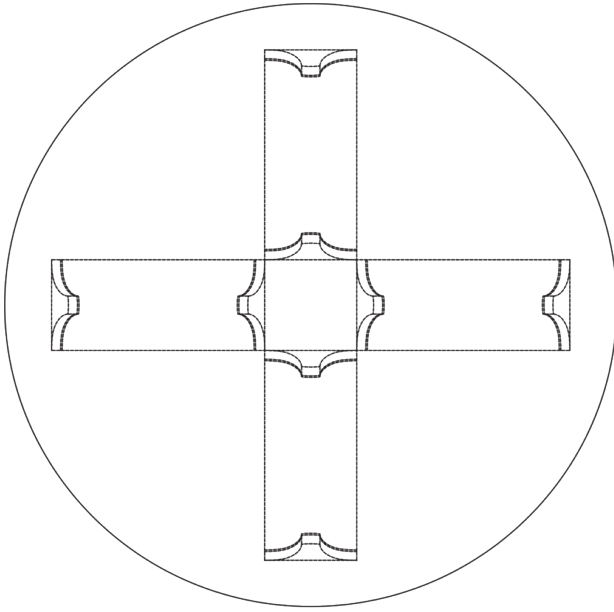

# LINHERR HOLLINGSWORTH FOR DESIRON COCKTAIL TABLE

The four-legged cocktail table—a true engineering marvel that defies the norm. The metal bends gracefully into fluid, rounded, and elegant curves, while a wood spacer seamlessly integrates within the hollow of a bent metal leg. Despite its heavy steel construction, the table appears to float above the floor, achieving a seemingly unattainable weightlessness through clever engineering. Adorned with precision and subtle undercut half-round edge detail, it's a masterpiece of form and function.
