

SIDE TABLE – SAND

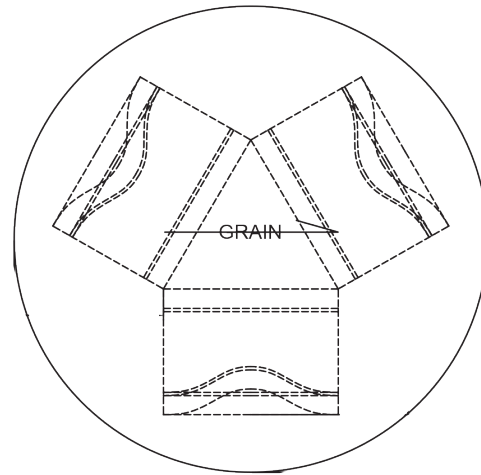

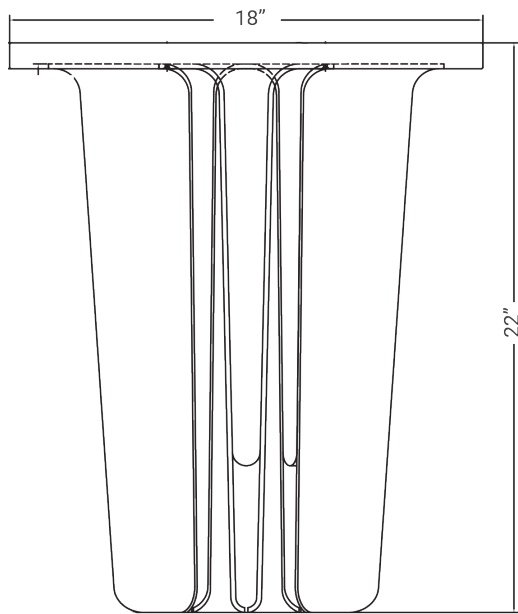

LINHERR HOLLINGSWORTH FOR DESIRON SPOT TABLE

The three-legged spot table—an engineering marvel that defies expectations. The metal gracefully bends into a fluid, rounded, and elegant form. The wood spacer seamlessly integrates into the bent metal leg, uniquely marrying the wood and metal components. This table's dramatic design contrasts the heavy steel with an almost weightless appearance, as it seemingly floats above the floor. Precision, innovation, and the subtle undercut half-round edge detail on the tops make this table a true work of art.
