

WORKSHOP / APD FOR DESIRON – FLINT

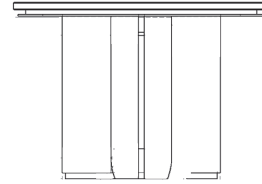

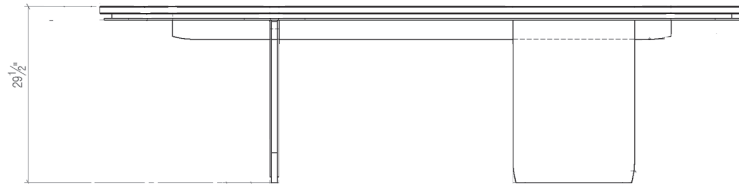

# WORKSHOP / APD FOR DESIRON DINING TABLE

Imparting maximum impact and comfort, the Dining Table pairs a metal base and split planar leg at one end—with a sculpted wood leg set perpendicularly at the other. Each of the legs features a reveal and wood stretcher, adding lightness to the generously proportioned design. From elegant asymmetry and use of negative space to softened, micro-beveled edges on the solid wood top, the table pushes the limits of the collection's architectural details.
