STEELIE®

BIKE MOUNTS

ACCESSORIES

STEELIE® ORBITER® VENT KIT 360° MAGNETIC MOUNT

This powerful magnetic phone mounting system allows you to easily attach, detach, and rotate your phone on the portable Vent Mount. The low-profile metal plate adheres to your phone or case, creating a strong magnetic connection with the Orbiter Magnetic Socket.

FEATURES

- Orbiter Magnetic Socket uses a powerful neodymium magnet for a secure hold between the Vent Mount and metal plate
- Silicone center of Orbiter Magnetic Socket and Vent Mount shape allow smooth adjustment and rotation for the perfect viewing angle
- Low-profile metal plate attaches to phone or case using 3M® 300LSE adhesive
- Portable Vent Mount easily clips and unclips from any vehicle vent without tools

VENT MOUNT

ORBITER
MAGNETIC SOCKET

CODE: STOVK-01-R8

STEELIE® VENT MOUNT

The Steelie Vent Mount Component is a brilliant solution for keeping your smartphone secure and visible when you're in the car - any car.

FEATURES

- Compatible with Steelie Magnetic Phone and Tablet Sockets, and FreeMount Bracket
- Cam locking lever securely grips the device to nearly any vehicle vent
- Clip & Go - Steelie Vent Mount features an easy-to-use universal clip that attaches & detaches from nearly any vehicle vent - no tools required

CODE: STVM-11-R7

STEELIE® WINDSCREEN MOUNT

The Windshield Mount features an adjustable aluminum arm and suspended Steelie ball design. The adjustable arm can be easily secured to match the angle of your windshield, while the round shape of the Steelie ball allows for endless viewing angles of your device.

FEATURES

- Windshield Mount has adjustable aluminum arm with suspended Steelie ball design
- Windshield Mount uses patented suction cup design for ultimate holding power
- Windshield Mount features suction cup with lever for reinforcement/quick release

CODE: STWS-01-R8

STEELIE® ORBITER® MAGNETIC SOCKET & METAL PLATE

The Orbiter Magnetic Socket component attaches to Steelie mounts using a powerful neodymium magnet and silicone center for a secure connection and smooth glide.

FEATURES

- Orbiter Magnetic Socket is compatible with all Steelie mounts
- By combining magnetic strength with a high-friction phone docking surface, phones stay confidently attached to the Orbiter magnetic phone mounting system
- Low-profile metal plate attaches to phone or case using 3M® 300LSE adhesive
- Includes: Orbiter Magnetic Socket, Metal Plate

CODE: ST0-01-R7

STEELE® ORBITER® PLUS MAGNETIC SOCKET & METAL RING

iPhone 12 users can seamlessly enjoy the power of Steelie mounts with their Apple MagSafe iPhones and cases, instantly connecting their phone to the Magnetic Socket. To stay mounted while charging, users can adhere the included Metal Ring to back of their MagSafe Charger.

FEATURES

- For Apple MagSafe iPhones and accessories
- Magnetic Socket aligns with magnets inside MagSafe phone, case or charger
- Metal Ring adheres to back of MagSafe charger with included 3M® adhesive, allowing for charging while mounted
- Compatible with any Steelie mount
- Requires Steelie mount to complete the system, sold separately
- SAFE FOR USE WITH PHONES - The powerful magnet will NOT damage your phone - however, do not place it near magnetically sensitive objects such as credit cards, computer hard drives, or pacemakers

CODE: STOMS-01-R8

SQUEEZE ROTATING ROTATING SMARTPHONE BAR MOUNT

Expand your Steelie Ecosystem with these versatile components. Already have a Steelie Magnetic Socket on your device? Check out our mounting solutions that allow you to dock your phone around the house, at work, and on the go. Already have a Steelie mount, but want to use more devices with it? No problem, we offer a wide variety of magnetic solutions to attach your favorite devices to your existing Steelie mounts.

FEATURES

- Windshield Mount has adjustable aluminum arm with suspended Steelie ball design
- Windshield Mount uses patented suction cup design for ultimate holding power
- Windshield Mount features suction cup with lever for reinforcement/quick release

CODE: SUSBM-04-R3

WRAPTOR™ ROTATING SMARTPHONE BAR MOUNT

The Wraptor offers edge-to-edge screen visibility while holding phones securely, even over rough terrain. Designed to quickly attach and detach from the bar, the base easily rotates between landscape and portrait modes for maximum viewing adjustability.

FEATURES

- Universal design is compatible with most handlebars, stroller handles, grocery carts, and more
- Durable silicone harness fits even the largest phones, with or without a case
- Securely holds phones in place, on and off road
- Unique design allows quick-and-easy 360° rotation of phone

CODE: WPT-09-R3

FLIPOUT® HANDLE + STAND

The slim and sleek FlipOut attaches with strong 3M® VHB® adhesive for a hold you can trust. Creates a convenient, low-profile handle and stand for devices.

FEATURES

- Creates secure, ergonomic grip for devices
- Stand works in landscape and portrait modes
- FlipOut features 3M® VHB® adhesive for secure attachment
- Durable stainless steel

CODE: FL02-11-R7

CASHBACK® PHONE WALLET

Carry only what you need by keeping your most important cards right on your phone. Attaches to phone or case using strong 3M® VHB® adhesive and features easy-slide window and safety tab.

FEATURES

- Carries up to 4 cards
- Safety tab keeps cards in place
- Holds secure with strong 3M® VHB® adhesive
- Attaches to phone or hardshell case

CODE: CBPW-01-R7

QUIKSTAND® PORTABLE DEVICE STAND

The slim, lightweight QuikStand provides a portable stand for smartphones and small tablets, and is about the size of a credit card, so it fits easily into a wallet or pocket.

FEATURES

- Fits smartphones and tablets up to 7"
- Size of a credit card to fit easily in a wallet
- Front flap adjusts to fit phones of varying thickness with or without cases
- Adjustable support bar allows positioning at multiple angles

CODE: QSD-01-R7

HIPCLIP™ MOBILE DEVICE POCKET CLIP

The HipClip is a stainless steel mountable pocket clip for mobile devices.

FEATURES

- Fits most mobile devices
- Affixes to any hardshell case or accessory
- Secure 3M® VHB® adhesive holds clip firmly in place
- 3M VHB adhesive can be removed without damaging surfaces

CODE: NBC-03-11

HITCH™ PHONE ANCHOR + STRETCH STRAP

Combining protection and convenience, users can anchor and link their phone to small essential items using the adjustable cinch strap, or simply stretch the strap around their wrist to prevent drops and theft.

FEATURES

- Works with cases that feature an enclosed charging port slot
- Compatible with both corded and wireless charging
- Stretchy, grippy silicone strap + adjustable cinch slider
- Includes: Hitch Phone Anchor, S-Biner® MicroLock®, and Stretch Strap

CODE HPSS-09-R7 COLOUR CHARCOAL

HITCH PHONE ANCHOR

STRETCH STRAPS

HITCH™ PHONE ANCHOR + TETHER

Easily tether your phone for security, drop protection, and convenience. The ultra-thin Hitch Phone Anchor fits between your phone and case, allowing you to quickly connect your phone to belt loops and other attachment points using the included coiled tether and S-Biner® MicroLocks.

FEATURES

- Protects from drops and theft
- Works with cases that feature an enclosed charging port slot
- Compatible with both corded and wireless charging
- Coiled tether extends up to 24"
- Includes: Hitch Phone Anchor, coiled tether with two MicroLocks

DUAL CAMJAM® TIE DOWN SYSTEM + WEBBING TENSIONER

The Dual CamJam Tie Down System is the ultimate tie down for all of your gear, tools and toys. The Dual CamJam buckle features two separate cam locking mechanisms for precise positioning and security. It's paired with our high-quality polypropylene webbing strap with an integrated end loop for strength and versatility.

FEATURES

- Tie Down System includes high strength, high density 1" polypropylene webbing with end loop
- Tension Boost Technology™ provides twice the tension with half the force
- Cam 1: Position + Lock
- Cam 2: Tighten + Secure
- Works two ways: fixed end configuration + loop configuration
- System working load limit: 530 lb.

- System break strength: 1200 lb.
- Use tensioner with most 1" webbing, no sewing required - also sold separately
- Tensioner working load limit: 600 lb.
- Tensioner break strength: 1800 lb.
