**Duvet Cover**  
Australia 245 x 210cm  
MUJI 230 x 210cm

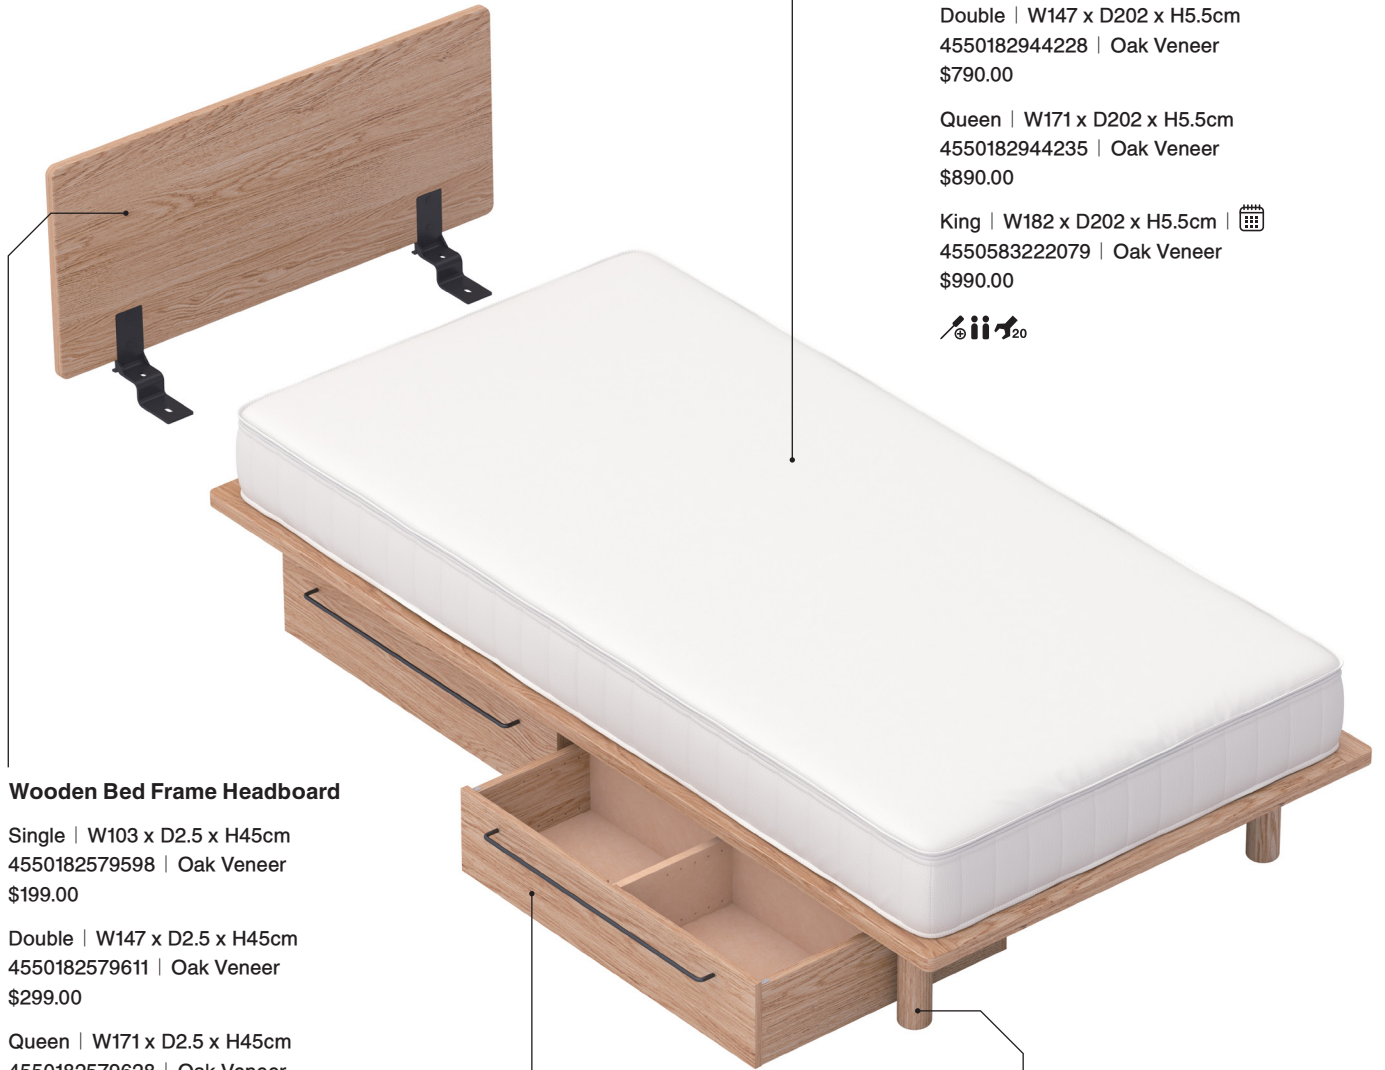

# Wooden Bed Frame

People wish for uniquely different characteristics in beds, which is natural for equipment that people spend a lot of time on. More storage space, using two single-sizes side-by-side and a better ventilation, to name a few preferences. MUJI's modular Bed Frame was born from such customer feedback.

The headboard is designed so that two beds can be seamlessly placed next to each other. The bed frame provides space underneath for storage. MUJI developed its new bed for the comfort of users during sleep and in daily life.

## Wooden Bed Frame

4550002528355 | 20cm | Set of 4  
4550002529406 | 12cm | Set of 4  
\$39.95

**Cover (side fabric)/Coil Units can be replaced**

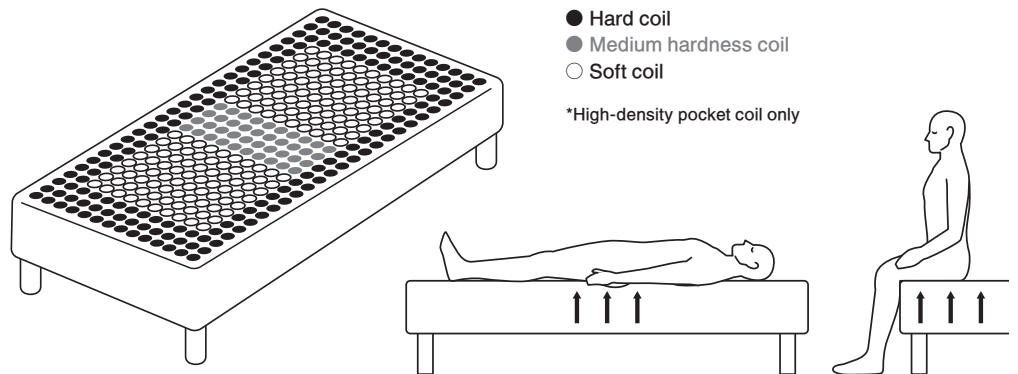

The legs, steel frame, and coil unit can be separated and wrapped in a cover (side fabric) with removable tape. We also sell parts only, so if you replace worn parts or dispose of them separately, you can reduce the burden on the environment.

**Pocket coil springs are arranged in a well-balanced manner**

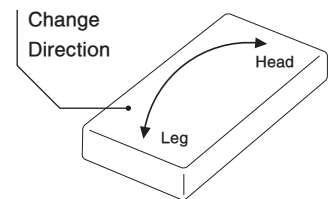

A slightly harder coil is used around the waist where it tends to get tired, an even harder coil is used around the edges where you sit a lot, and a softer coil is used in the wider area that accommodates your body. Three types of hardness are arranged depending on the role.

\*Pocket coil only

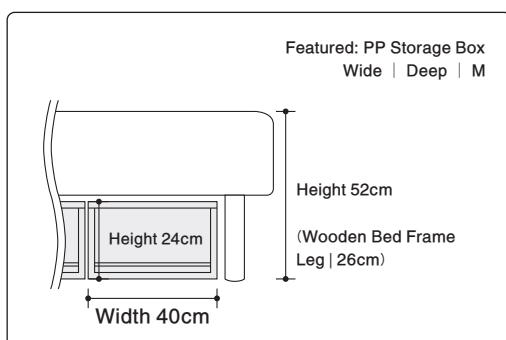

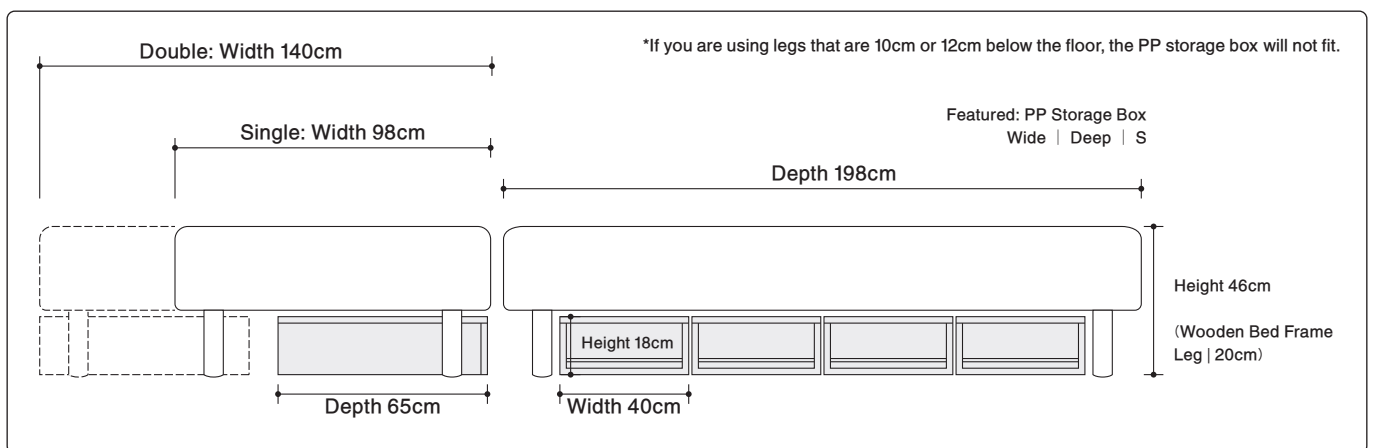

**Mattress rotation possible**

Rotate the head and legs regularly throughout the season. If the load on the coil is concentrated on one point, the strength of the spring will weaken, so by applying the load evenly, you can remove the burden on the coil. Also, be sure to regularly prop up the mattress to ventilate it. If left on the floor, moisture will accumulate and cause a breeding ground for mold.

**About under-floor storage for mattresses with legs**

# Mattress

The High Density Pocket Coil Mattress range is constructed with a dense arrangement of coils for comfort and balanced support.

### High-density Pocket Coil Mattress/Washable Cover

4550344502938 | Single  
\$990.00

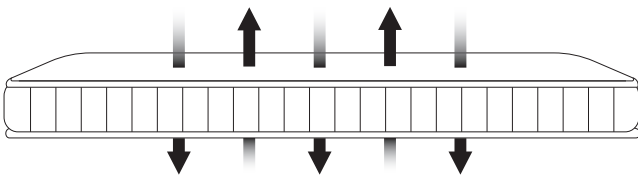

4550344502952 | Double  
\$1390.00

4550344502969 | Queen  
\$1590.00

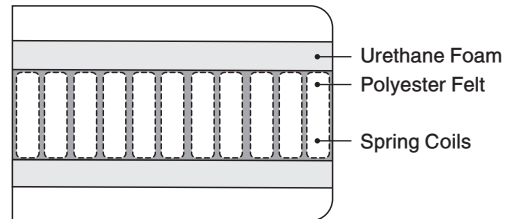

4550344502976 | King | 📅  
\$1790.00

## Constructed with a dense arrangement of coils for comfort and balanced support.

### Moderate Firmness

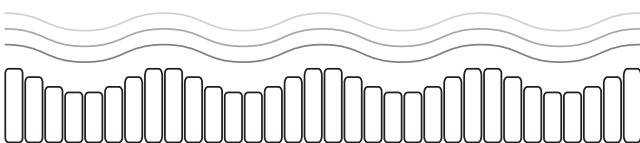

Constructed with multiple layers to create a comfortable mattress with moderate firmness. Breathable cover fabric is quick to dry.

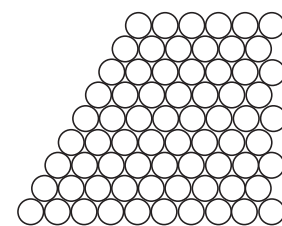

Diameter: **1.6mm** Height: **180mm**  
When inserted into the non-woven fabric case: 140mm

### Balanced Support

The coil structure conforms to the shape of your body, absorbing weight and reducing the pressure on the spine and lower back.

### Coil Arrangement

Single: 25x32mm  
800 pcs  
Double: 36x32mm  
1152 pcs  
Queen: 42x32mm  
1344 pcs  
King: 48x32mm  
1536 pcs
