ISTRUZIONI DI SICUREZZA

- L'apparecchio dovrà essere installato, collegato e testato da un elettricista qualificato, nel rispetto delle normative vigenti.

- Spegnerel'alimentazione prima dell'istallazione o della manutenzione dell'apparecchio ed assicurarsi che i cavi non siano schiacciati o danneggiati da oggetti taglienti.

- L'apparecchio non deve essere coperto con materiale isolante o simili.

- Pulire l'apparecchio con un panno morbido e utilizzare un comune detergente a PH neutro. Le superfici in acciaio inossidabile devono essere mantenute con regolarità.

- Eventuali alterazioni o modifiche dell'apparecchio renderanno nulla la garanzia. Il produttore è libero di cambiare il design, le specifiche tecniche e le istruzioni di montaggio.

EN

SAFETY INSTRUCTIONS

- The appliance should be installed, connected and tested by qualified electrician, and in accordance with local regulations.

- Turn off the power supply before installation or maintenance of the appliance, and make sure that the cables will not be squeezed or damaged by sharp edges.

- The appliance should not be covered by insulation blankets or similar materials.

- Clean the appliance with a soft cloth and a standard PH neutral detergent. Stainless steel surfaces should be maintained regularly.

- Misuse of, or changes to the appliance shall nullify the guarantee. The manufacturer is free to change the design, specifications and instructions for assembly.
