Vinification

Pêra-Manca is a blend of Antão Vaz and Arinto, planted in the Eugénio de Almeida Foundation vineyards. When the grapes reach the right point of maturation they are carefully picked, de-stalked and gently crushed. Fermentation takes place in stainless steel vats and in french oak barrels, at controlled temperature of 16°C. Then the wine matures on the lees for further 12 months with battonage and another 9 months in bottle, prior to release.
