

Detergent SR-11

A general purpose detergent for cleaning and mild degreasing of hides and fur skins. Developed for the taxidermy and tanning industry. **Detergent SR-11** is stable with electrolytes. It can be used by itself or in the rehydration, pickle, and/or tanning baths.

Directions and Recommended use:

Splash proof goggles, an apron, and rubber gloves should be worn to avoid any eye or skin irritation.

Cleaning in Existing Baths: Add 1 ounce of **Detergent SR-11** per gallon of an existing rehydration, pickle or tanning solution.

Separate Cleaning Bath: If a separate bath is necessary it is recommended to be done before pickling. In a plastic or fiberglass container large enough to completely submerge the hide or skin and allow it to move freely, mix 1 - 2 ounces of **Detergent SR-11** and ½ lb (or 2/3 cup) of fine grain table salt per **each** gallon of water. Agitate and soak 1-2 hours.

For large hides, lay out flat or hang and add **Detergent SR-11** to the neck area. Spray the hide with water allowing the detergent to run down with the grain of the hair.

Extremely Greasy Skins: See **D-Solv 60 Degreaser**.

For Grease Burned Skins: See **Hide Relaxer XL7**

NOTE: Never place a hide in hot water. This can loosen the hair and cause bacteria growth.

First Aid: Do not get in eyes, on skin or on clothing.

Causes eye irritation and may irritate skin causing dryness. *If in Eyes:* Rinse with water for several minutes. Remove contact lenses if present and easy to do. *If on Skin and Clothing:* Wash skin immediately with soap and water. Remove and wash contaminated clothing. If skin or eye irritation persists, get medical attention. Store product closed in original container in a cool, dry area. Keep out of the reach of children.

Disclaimer: Being that hides and skins are natural materials, susceptible to varying degrees of deterioration, experience of the user, and used under conditions beyond our control, as seller, we make no guarantee or warranty expressed or implied as to the use of this product. All information contained here is accurate to the best of our knowledge and good faith, and is based upon thorough testing.
