

# How Much NuTan® Do I Need?

\*Amounts are in ounces by measure and will vary depending on the size and thickness of the hide or skin. For example, a deer hide from the south will be smaller and thinner than one from the northern U.S. Heavy hides may require more product.

See full instructions for treatment.

Cape = Head and shoulder

Life Size = Full hide plus head, feet and tail

Back Skin = Hide minus the head and feet
