DESCRIPTION

We all have memories of good times spent in cafés, bars, bistros and restaurants. Our Donut collection will help you make more. Designed with cafés and restaurants in mind, these small dining tables can bring a little bistro charm to the home, too, whether in your kitchen, loggia, or out on a patio or balcony. Shown here with a round cutaway tabletop, this table can sit flush against a wall or balcony railing while saving precious space. Great for coffee breaks and meals, either solo or with company.
