

TECHNICAL SPECIFICATION

Tout Va Bien

ANTOINE+MANUEL
2009

COMPONENTS AND MATERIAL:

MODULES, SIDES AND DOORS are made from a manufactured MDF fibre board available in various thicknesses. The pieces are painted in micro-textured anthracite (RAL 7024). Doors, tops and sides are injected with an integral polyurethane with a chipboard support. The boxes are fixed together with mechanical connections.

LEGS are solid alder and lacquered with a micro-textured paint (the same colour as the doors). Incorporated within the legs are a metallic ring of M8 for attachment to the main body. Legs with code AM 04, are injected with integral polyurethane and incorporate a regulating piece. There are four different models to be chosen from to create a distinct and personal combination. Pieces include a treatment to resist xylophagous (i.e. worm wood).

HINGE spring opening in white zinc plated steel.

AUTOMATIC OPENING touch system for doors.

FINISHES:

Modules, sides, doors and legs available in two colours: white and grey anthracite (RAL 7024).

LIMITATIONS:

Once this piece has been installed, regulate the doors with a special key provided by BD, with the purpose of assuring the final correction/ tuning of stability.

It is recommended that the piece not be dragged along the floor once mounted and installed.

For other limits, please refer to the installation instructions.

DIMENSIONS:

MODULE 1:

130 x 57 x h. 50cm

(Height 82cm with legs and 102cm with the mountain top)

MODULE 2:

250 x 57 X h. 50cm

(Height 82cm with legs and 102cm with the mountain top)

STACKED MODULE 1:

130 x 57 X h. 100cm (Height 142cm with legs)

STACKED MODULE 2:

250 x 57 x h. 100cm (Height 142cm with legs)

WEIGHT:

MODULE 1: 62 Kg. (including modules, doors, legs and top)

PACKAGING:

The modules are individually wrapped and protected for transport.

COMPONENTS:

Patas

Module 1

Module 2

Stacked Module 1

Stacked Module 2
