

CLARK SUSPENSION

Copper Brushed Copper Nickel Brushed Nickel Aged Brass

CLARK | SUSPENSION

With an expressive harmonic beauty, Clark modern pendant light is one of DelightFULL's most iconic pieces. This seemingly minimal lamp is handmade in brass, using the classic method of bending the brass twice into a rounded oblong shape, which allows for a bright cast of light. The standard finish is gold-plated, but it can also be customized in copper, nickel, or even receive an aged brass finish. The pole height is also adjustable in order to better fit your decor needs. Clark is a great example of how suspended light can embody all the class of the mid-century modern age. It is the perfect hanging lamp for your modern dining room, mid-century bedroom, or even hotel bar.
