

COLTRANE 2 | WALL

Coltrane mid-century wall sconce is inspired by the famous John Coltrane and it is the perfect piece to create a beautiful lighting effect both indoors and outdoors.

Handmade in steel by DelightFULL's skilled artisans, it is a great example of how less is more. This wall light fixture has matte black and gold powder paint finishes, which give it a more contemporary style.

It is prepared to be used in more humid atmospheres, making it the perfect outdoor sconce. You can pair up to two iron tubes, which will help to create a statement in your modern home decor. Additionally, it can be used in more minimalist hotel rooms.
