Born in Portugal, Dooq is a design company dedicated to celebrate the luxury of living. Creating designs that stimulate the senses, whose conceptual approach is inspired on the unexpected meeting of opposite things.

Our studio focuses on an extensive research of details together with a vast iconographic research around art and design, creating an ever-evolving language that emphasises first the small things. We seek to find balance in things that are contrasting, creating pieces where feminine meets masculine, small meets large, soft meets solid and past meets the present allowing the new to blossom. Sensual materials like velvet, trimmings, straw and glass are combined with harder materials such as copper, marble, brass and wood to achieve the duality in our studio's distinctive pieces.

Using the technological expertise of a country leader in craftsmanship in combination with the creativity of great designers, helps creating pieces with an uncensored aesthetic where each piece has its own reason of existing.

Dooq is pursuing elegance with audacity and devotion, crossing the boundaries between art and design.

Thabit, our extraordinary new collection of handcrafted sculptures meticulously fashioned from gres and rafia, in partnership with an esteemed artistic ceramic studio. Inspired by the concept of an imaginary future where geometric boldness intertwines seamlessly with organic textures, Thabit offers a visionary glimpse into tomorrow's design landscape.

Each sculpture is a testament to craftsmanship, available in a variety of shapes and sizes, and presented in four captivating colors, inviting you to explore a world where innovation meets the organic.

The essential shapes of these tables play between them in an alluring game of proportion and color which results in the creation of a perfect balance and tension of material and negative space.

05

06

Camelia, a chair that gracefully embodies the essence of the Romantic period, channeling its ideals of passion and elegance.

08

Nusa is our latest table collection, where Southeast Asian inspiration meets modern craftsmanship.

Each table intricately weaves an ancient marqueterie technique, seamlessly blending two distinctive woods.

Immerse your space in the rich cultural tapestry and contemporary elegance of Nusa, where tradition and modernity converge harmoniously.

As a way to attain perfection, one must balance two opposite parts that complement each other and are mutually exclusive, meaning one cannot sustain without the other. This is the concept behind the Stick & Stone table.

Introducing Oscar, a bold reinterpretation of a classic armchair, drawing inspiration from modernist architecture.

15

16

Discover Aimi, our avant-garde chair and armchair designed to redefine elegance and comfort.

Introducing Vertigo, our striking armchair inspired by the brutalist movement, where raw concrete aesthetics meet unparalleled comfort.

Odissea chair embodies the aesthetic spirit of the space age, a new kind of discreet luxury and comfort inspired by a futuristic era created by new visual experiences and concepts of the future.

20

19

Exceptional in its craftwork, Nouvelle Vague is a collection that rejects traditional conventions in favor of experimentation.

Round ceramic handmade pieces, painted in a unique craquele glaze are placed around a lacquered center top, creating a sense of movement that evokes the motion of the waves.

Created by the perfect combination of color, energy and shape, Souk mirrors reflect the influences of overwhelming and visually fascinating Souk markets in northern Africa with its vibrant fringes and earthy colors resembling typical macramé techniques.
