GHOST CHANDELIER BIG

Drawing inspiration from minimalist art, the Ghost Chandelier seamlessly melds light with sculpture, embodying a graphic lighting aesthetic. The Ghost's defining feature is its radiant white acrylic tube, which flows in various directions, forging an ambient illumination reminiscent of organic patterns. Originating from a hand sketch, the design infuses spaces with an artistic and graphic ambience. Its ever-evolving appearance captivates observers, morphing into diverse patterns and forms depending on one's vantage point. In any setting, Ghost asserts itself as a centrepiece.

Available in two sizes, the Ghost Chandelier incorporates an inbuilt LED light. This series highlights the luminous white acrylic tube that encases a durable LED light source, boasting an impressive 25,000 hours of illumination at a warm Kelvin 2400. Shifting away from the starkness typically associated with neon, these innovative lamps exude a warmer, more inviting glow, setting the ambience for a cozy and comforting atmosphere. Bronze metal accents provides a refined finish to its minimalist design. Suspended by four adjustable stainless-steel wires, the chandelier can be set to the perfect height for any room.
