HALO

MIRROR

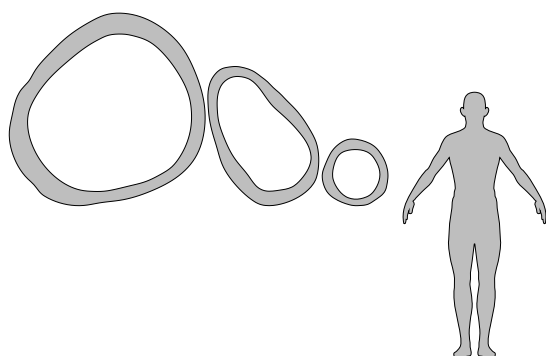

Halo is the name of a phenomenon produced by light interacting with ice crystals suspended in the atmosphere. Halos can have many forms, ranging from colored or white rings to arcs and spots in the sky. Composed by a set of three mirrors, it allows different displays and creative settings. The big mirrors with different shapes have an elegant gold frame accent, perfect for contemporary interiors and elegant rooms, from stylish bedrooms to upscale halls or living rooms.

Product features: A modern set design composed of three different-size mirrors, with polished hammered brass frames.

Arts & techniques: Hammered and polished brass.

Materials & finishes: Clean Mirror, Polished Hammered Brass.
