LAPIAZ

HEADBOARD

Through its organic features, the Lapiaz Headboard is an elegant and sophisticated choice that will elevate every bedroom design. Taking exceptional craftsmanship and luxury design to a new real, this Boca do Lobo Piece expresses a leading-edge outlook and a singular complexity.

Inspired by the authentic karst formations created by surface dissolution, freezing or thawing of limestone or dolomite rocks, this master bedroom piece is the first bed design from Boca do Lobo.

The Lapiaz Headboard finds beauty in unexpected places as it fits gold-polished brass into a velvet structure. A manual work, that requires mastery. A platform bed can be added under request and it can accommodate a range of mattress types. Demonstrating imagination, strong design skills and craftsman's expertise, this magnificent headboard is, for now, available in white and black.

Product features: Wood structure with brass details hammered by hand, upholstered in velvet with foam inside, finished with a polished brass frame.

The structure allows the placement of an electrical outlet on the sides. It can include USB for charging.

Arts and Techniques: Hammered Brass, Upholstery.

Materials and Finishes: Polished brass, Fabric.

Product Options: Fabric, Synthetic Leathers.

Customization: Custom sizes and colors are available with an upcharge.
