Vladimir Naumov

YETI

2022

The digital artist, Vladimir Naumov, based in St Petersburg, is our second artist with his Yeti sofa, becoming our second reference LAB.02.

The main purpose of the artist is to make our imagination fly by using his designs.

At the beginning and inspired by the different shapes of the clouds, Vladimir Naumov starts drawing the lines that set up the design for

this collection, leading us to a world full of softness and comfort. But surprisingly after using a "faux lama fur" to cover the sofa, our initial perception changes completely, evoking now the mythical snowman.
