

Rocker Chair

FSC® certified wood and vegetable tanned leather

Rocker Chair combines the old saddle belt technique with traditional woodworking crafts in a timeless and characteristic design. The visible joint details, as well as the high-quality full-grain leather gives the rocking chair comfort and durability. The leathers are carefully selected from the harness range of vegetable-tanned hides by Sorensen Leather with no use of chrome or chemicals. Durable for both private and public use.

Mater Sustainability Factsheet

Leather

Leather is a natural material. And at Mater, we believe it will only get more beautiful with age and daily usage. However, like all natural materials, it requires looking after to ensure its long-lasting appeal.

Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.

Contact our customer service for more info [here](#)

FSC® Certified wood

From the very beginning, we have used FSC-certified wood for all wooden products in our collection. In an FSC® certified forest, no more trees than the forest can reproduce are felled, so the exploitation of nature is avoided.

Find our FSC® Certificate [here](#)

CO₂ Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.
