OFFSET VASE MINI

Like a design process frozen in time, the Offset vase is a distortion of the familiar rounded shape being cut. It challenges the idea of a vase and drastically changes appearance depending on the angles it is viewed from: From an imitation of a traditional vase to a sculptural object.

Offset is made from fiber concrete and comes in two sizes. As it is a hand glazed natural product, the colours may vary slightly and as it is not 100% waterproof, a bag for fresh flowers is included.
