

FIKA Coffee Table

FIKA Coffee Table

The functionality of this table resides in the Swedish expression – Fika - witch means a break in the day for a coffee and something sweet, expressly for the purpose of setting aside a moment for quality time.

Fika table was carefully designed with clean lines to enhance its functionality. The dark profiles can hold books or magazines whereas the light wood base provides a solid platform for placing your coffee or tea in your deserved break.

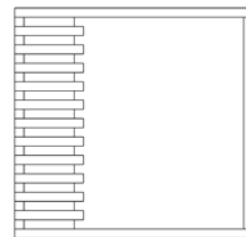

This table is made of sustainable birch plywood using CNC cut with innovating waste efficiency technology. We are using the highest quality woods with natural non-toxic glues and paint. This piece is assembled and finished by professional craftsmen.

You can choose between two different color sets.
