

SISU Table

SISU Table

This dining table defies structural boundaries and symmetrical balances. The finish concept of "Sisu" fits like a glove to this table description: greedy bravery when success is against the odds. A "U" shape holds this table together forming a dynamic and asymmetrical piece. Each pair of legs is different, giving the table a different look on each side.

It's minimalistic elegance contrasts with the robust materials inspired in the scandinavian design. SISU TABLE is made of birch plywood, cut in CNC and assembled by professional craftsman.

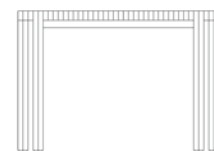

MATERIALS
