# VANILLA *noir*

The Furniture Collection, Vanilla Noir, has been designed in classic Italian form by Matteo Cibic but is inspired by the traditional Indian craft of inlay work. Each piece is painstakingly handcrafted in India using modern polymers and pigments. The collection is reminiscent of the movies of the silent era—classic yet fun and a pleasure to return to.

A mandala encapsulates the world's soul. It enhances a living space and connects the ordinary to the extraordinary. Matteo Cibic's Mandala collection stuns the senses with its opulent forms and riot of colours. Hand inlaid in brass and resin. Unfold the extraordinary.

In the 16th century, English seamen voyaging to Canada stumbled upon gold—*or so they thought*. It filled the men's hearts with intense momentary delight. Scarlet Splendour presents the Fools' Gold collection—inspired by that same rush of excitement. Its rich texture and colour combine traditional techniques in pure brass with contemporary amorphous sculpting.

The light collection, Luce Naga, captures the fluidity of the serpent's movement in fine ceramic. The lights are dramatic, never subtle yet classic in their form and crafted in Italy. Matteo Cibic achieves an astonishing mix of playfulness and luxe in these sinuous ceramic gold lights, which are topped with hand blown, almost quirky covers over high quality LED bulbs.

The Luce Naga collection may have slight variations in the ceramic and the hand blown glass. These are not imperfections but a testimony to the authentic artisanal production. Set in ceramic with 24k Gold finish hand blown glass, the LEDs are of 100–240V 500lm, and Warm White in colour.

The Lights are available in customised sizes. Please write to us with your area specifications.

CIRRUS

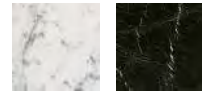

Terra, the beautiful collection inspired by the Indian *matka* makes music with Italian marble. Cast in pure brass, these vases and tables come in extraordinary sizes and shapes. The designers Dario Contessotto and Mirco Colussi also find their muse in the skies and create the marvellous Cirrus sofa collection—soft and heavenly, seats for the gods. And the charming Flora vases, inspired by flowers of the orient.

Rain creates gorgeous patterns on the windscreen of a car, or the check of a young girl caught in a sudden shower. Matteo Cibic takes the romance from these gentle dots and transforms them through his design alchemy into chic contemporary rugs—Raindrops.

Each piece in the Karesansui collection exalts the handmade, the painstakingly crafted, the authentic. Each piece may have slight variations and tiny imperfections but these are the marks of an artisan, a testament to the individuality of each work of art. It is our belief that these variations infuse our objets d'art with desire and we assert our right to make necessary qualitative changes.

### DARIO CONTESSOTTO + MIRCO COLUSSI

Dario Contessotto and Mirco Colussi: design transformers. Two souls who met in Milan and were taken to a new dimension by their experiences in India. Partnering Scarlet Splendour, they form a confluence of Italian and Indian traditions that broadens the concept of luxury.

### CIRRUS | TERRA

Ashish Bajoria and Suman Kanodia founded Scarlet Splendour in 2014. The siblings grew up in Kolkata, India with a deep sense of appreciation for the aesthetic. They combined their mutual passion for design to form Scarlet Splendour, with a view to integrate their maximalist sensibilities and become, possibly, the first design editors in India.

They set out to create trailblazing furniture, lighting, and rugs on the borders of classical and modern, whimsical and serious, and functional and dramatic. Scarlet Splendour has collaborated with international stores, press agencies, artists, and designers to transform and take local craftsmanship to global levels. The Company heralds a blend of the cultures and transcends geographical boundaries to achieve the extraordinary in the design world.

Scarlet Splendour was launched at Spazio Rossana Orlandi during the Milan Design Week 2015.

Their debut collections were born out of the genius of Matteo Cibic from Vicenza, Italy.

In addition to Matteo Cibic's designs, the Scarlet Splendour portfolio contains a range of work from Dario Contessotto, Mirco Colussi, and Nika Zupanc and now, the Artefatto Design Studio.

Since Milan 2015 and following exhibits, Scarlet Splendour has increased its collaborations with designers of international acclaim and has a formidable repertoire of design products.

Scarlet Splendour combines its exquisite artistry with immaculate design to evoke decadence and timelessness. We invite you to experience its avant garde aesthetic, and share our passion for luxury.
