YEAR 2023 - PART 4

SANCAL 

PION

A photograph of a dining room interior, overlaid with a large, white, sans-serif text 'PION'. The room features a round wooden table with a dark top and a light-colored wooden base. The table is set with white plates, glasses, and a white pitcher. There are four wooden chairs with dark seats around the table. In the background, there is a white sideboard with a dark top, holding various decorative items like jars and a vase. To the right, there is a white cabinet with a dark top, also holding decorative items. The floor is made of light-colored wood.

PION is a Sancal classic designed by Ionna Vautrin, a trend setter of the French scene.

New Sizes

Pion is a versatile family of products. It works as an occasional table, in meeting rooms, at home as a dining table, in bistros or tea shops.

New materials

Pion introduces Ash wood veneer and Carrara marble as new materials for the tops. They coexist with the standard solid Linden wood and Emperor Gold marble tops.

Pion Tilo

Solid linden tops are available as usual for the occasional tables. They are available in a natural finish or stained in walnut and sombra hues.

Pion Fresno

Ash veneer tops can be natural or stained in all the colours from our range. Both can be combined with extra matte or high gloss bases.

Pion Petra

Carrara Marble tops are available for occasional and dining tables. Together with the wooden tops, both can be combined with extra matte or glossy bases.

Pion Petra

We maintain the
Emperor Gold version.

New Colours

A wide colour palette is another new feature. Now Pion's iconic bases can be lacquered in extra matte finishes and there are new glossy colours for them as well.

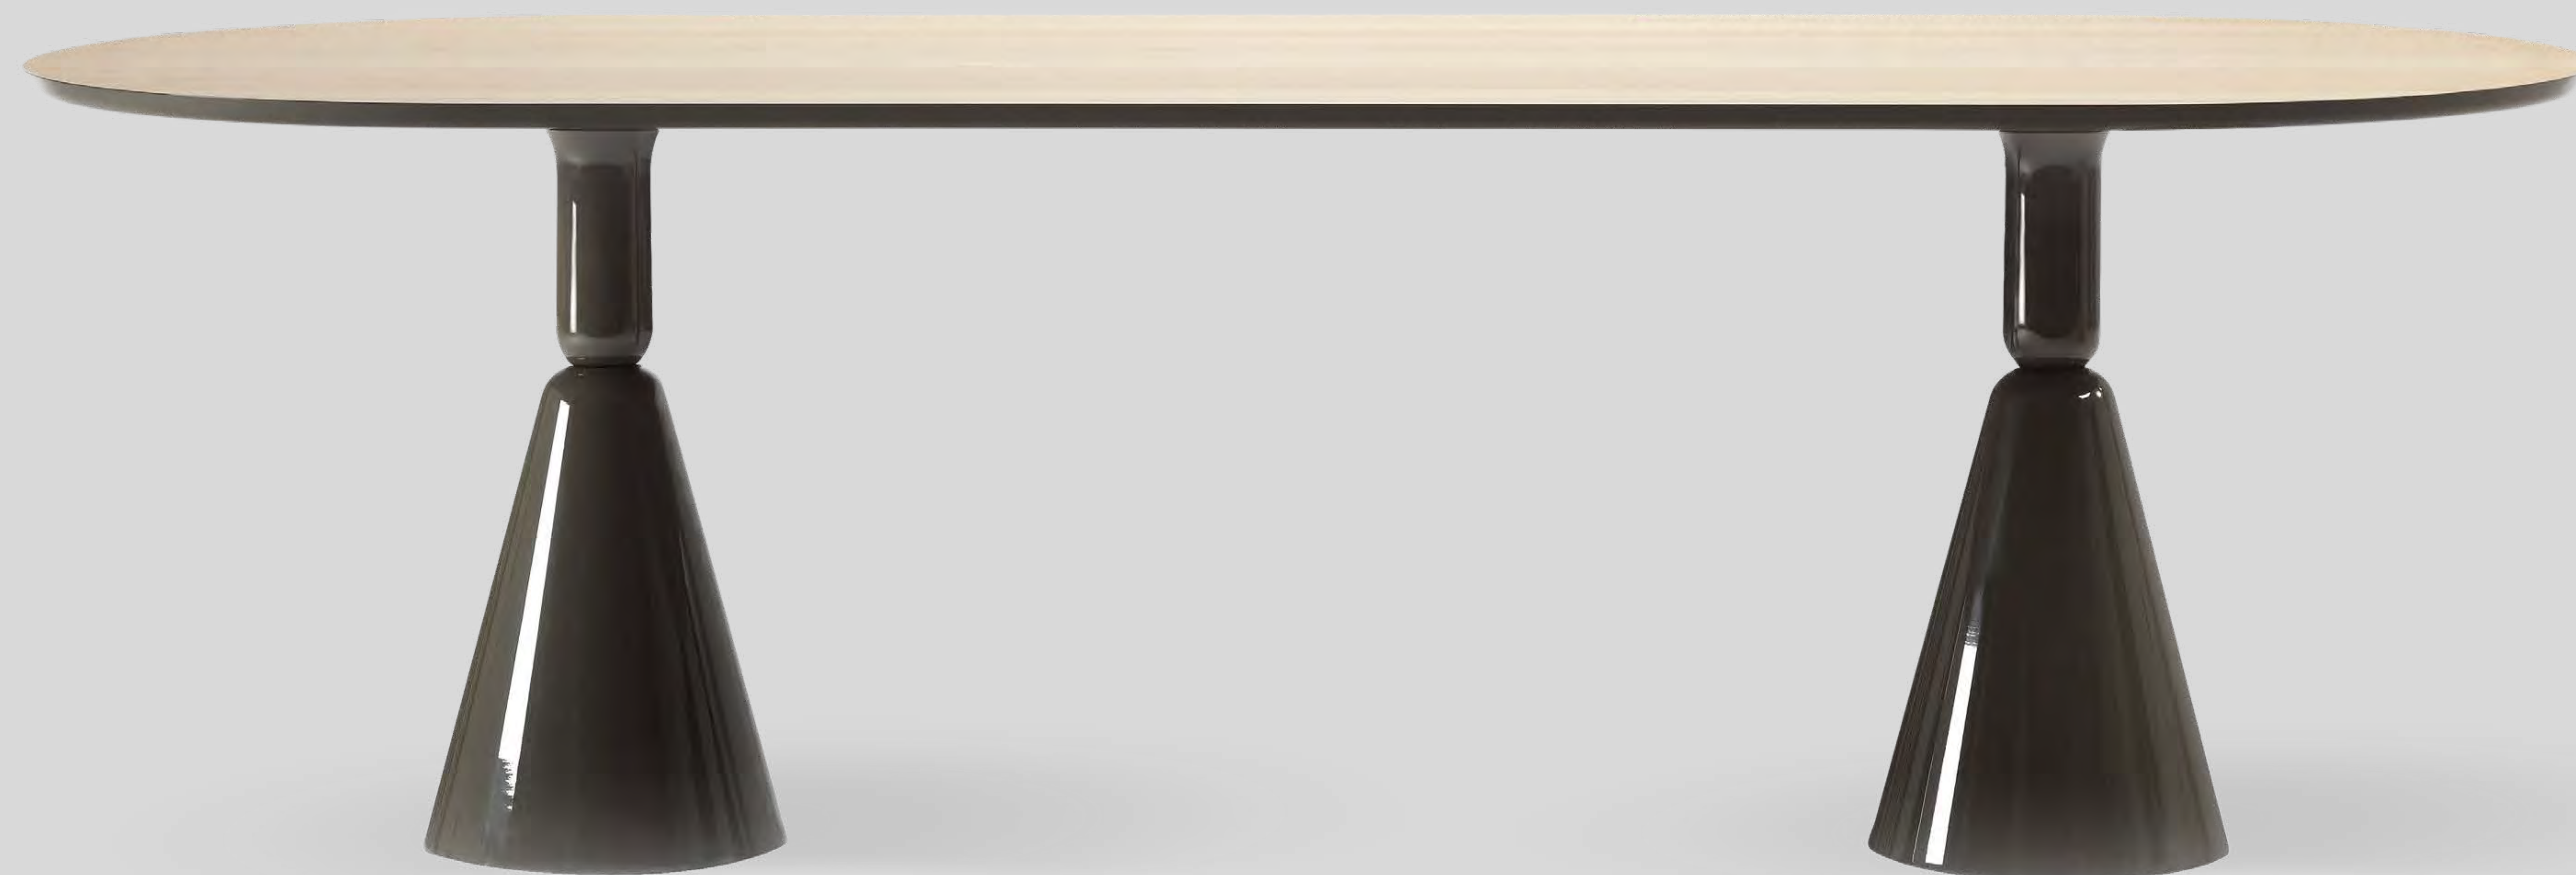

Extra matte lacquers

Now Pion can be lacquered and stained in 19 different matte colours.

High Gloss lacquers

Vanilla and Jade are the new glossy colours. They coexist with traditional Sombra and Tabaco shades.

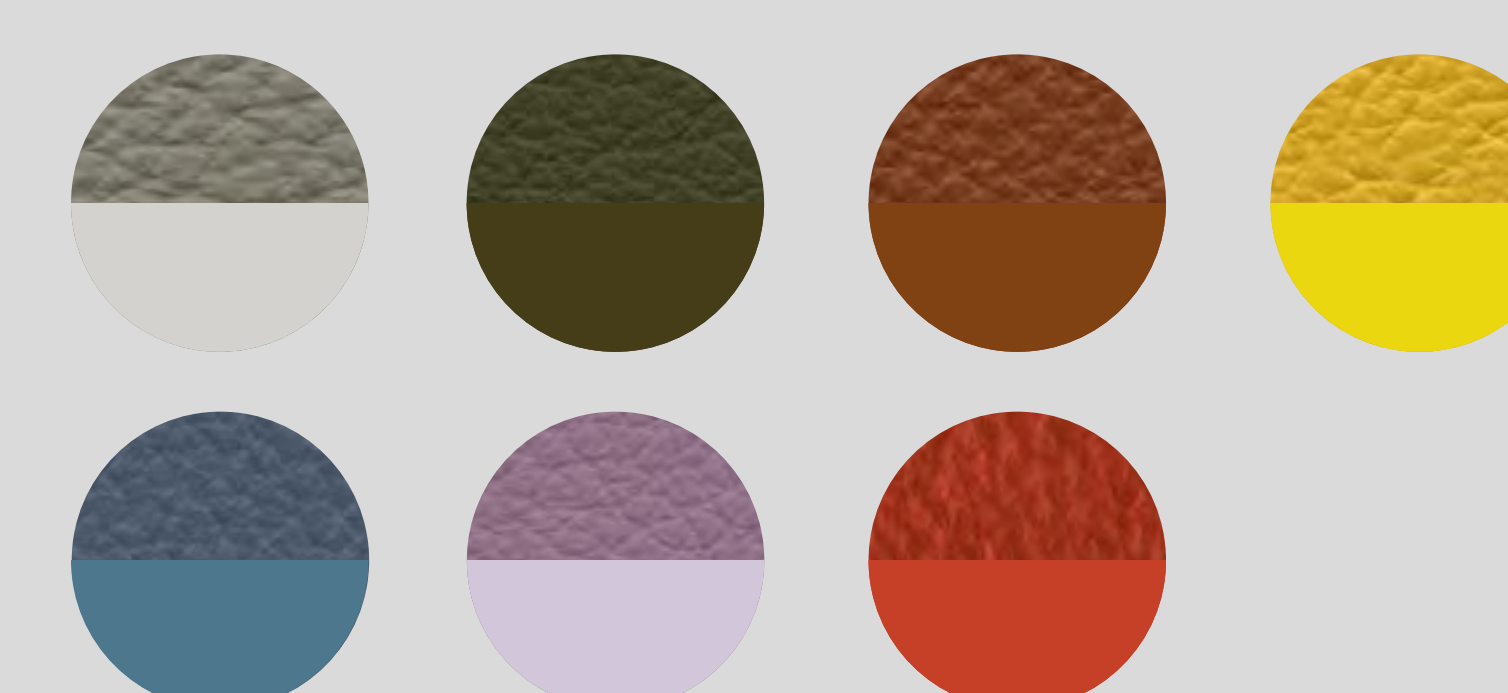

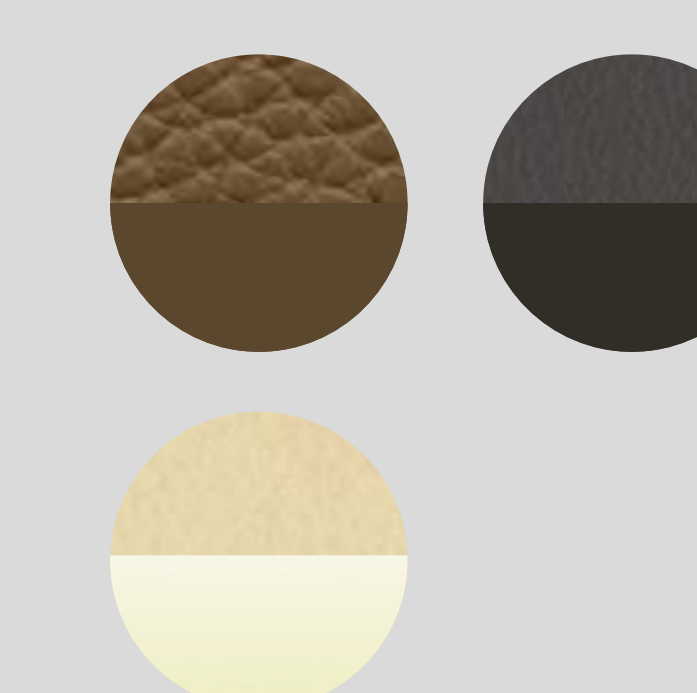

Extra matte & High gloss Stools

The Stools have also been renewed. They are now available in 10 colours, completely lacquered to match their leather seats.
