If creativity taught us something, it is that we should never give up freedom

Designed by Jaime Hayon, 2018

How to express a lot through a simple piece of furniture? The successful Aleta collection fuses functionality with comfort, rigorous lines with creativity. The Aleta Lounge Chair has become the most recent addition to the family. But in it, as in the entire Viccarbe collection, nothing is static: Metal or wooden structure? Seats with armrests or without armrests? If creativity taught us something, it is that we should never give up freedom.
