Maarten Chair

Designed by Víctor Carrasco

Catalogue - EN

Víctor Carrasco

Born in Valencia (Spain) in 1974, Víctor Carrasco began his professional career after graduating Cum Laude in Industrial Design Engineering at the Polytechnic University of Valencia.

Shying away from trends and fads, he has developed and positioned international brands with remarkable added value, thanks to his passion for synthesis, sustainable growth and his pragmatic vision of the future.

Since 2007, he has been combining his position as strategic director of Viccarbe with that of Director Business Development for the prestigious American multinational Coalesse (Steelcase Inc.). Likewise, as an industrial designer, he has collaborated with numerous international companies.

He was the recipient of the Prince Felipe Award for Business Excellence and he has also won the German Design Award.

Maarten,

What defines a real icon?

Collection designed by Víctor Carrasco, 2017

Maarten's story is one of contained minimalism: surprisingly synthetic in its silhouette but extraordinarily welcoming in its soft version.

Since 2012, Víctor Carrasco decided to play with the contrast of a very defined structure and an upholstery that spared no wrinkles. It is an upholstery that is pleasant to the touch as well as to the eyes, a seat that invites you to stay in it for hours, and that—depending on the base you choose—is capable of immersing you in the intimacy of a residential space, in the versatility of an installation or in the comfort that projects dedicated to hospitality seek.

"I understood we needed a timeless chair with comfortable forms, because the market was forgetting the universal fact that the human being is more important than the object. 1970s silhouettes, polished but wrinkled at the same time, were starting to be forgotten. And the

design industry was paying more attention to rigorous forms: very focused on aesthetics, but almost inhuman.

I also wanted to pay a homage to the Belgian designer Maarten van Severen, who had passed away not long ago. He was pure elegance, representing a warm minimalism which deserved all my respect."

No one ever knew more about how to adapt to a space nor on how to attract the attention of acquaintances and outsiders. This is because, from the very beginning, the collection wanted to put the people who would enjoy it at the center of the equation. There is no design which is easier to understand than that of a chair. However, there is nothing more complex than designing "for and towards comfort". For this same reason, in order to adapt to all kinds of moments and contexts, we have recently added new bases: pyramidal, pyramid with wheels, flat, skate or four wooden legs. There is a free choice on this subject.

On the right page picture of Maarten chair with soft upholstery and Maarten table stained in matt oak.

"No one ever knew more about how to adapt to a space nor on how to attract the attention of acquaintances and outsiders. This is because, from the very beginning, the collection wanted to put the people who would enjoy it at the center of the equation. "

Maarten *Soft*

“ts "soft" upholstery is pure sophistication, managing to convince the users at first sight and also fulfilling its promise the moment they finally sit down on it.”

Maarten was born as a family capable of offering both comfort and resistance and durability. Its "soft" upholstery is pure sophistication, managing to convince the users at first sight and also fulfilling its promise the moment they finally sit down on it. Designed by Victor Carrasco, the Maarten "soft" chair is an ode to comfort that persists over time. Maarten is the perfect fusion of character and functionality.

On these pages Maarten soft and Maarten Plastic Collection.

The family has multiplied exponentially since its inception. With the soul of a bestseller, Maarten is now present in the offices of leading firms such as Dropbox and IBM as well as in the meeting rooms of major international architecture firms.

Maarten & Food

Restaurants — Our lifestyle tells us about experiences and moments, what determines the space around us and how we share it. In the hospitality projects, a simple detail such as a rotating base allows guests not only to increase their sense of comfort, but also to enhance their communication. The warmth lies in the small details.

Proyecto: Vaqueta Gastro Mercat, Valencia.

CERTIFICATES

ANSI BIFMA X5.1-2011 (four metal legs), ANSI BIFMA X5.4-2012 (swivel base with arms, swivel counter stool y swivel bar stool) , UNE EN 16139:13 (swivel base with arms).

TECHNICAL INFO

Seat options:

Plastic – Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick.

Smooth / soft upholstery – Injected polypropylene seat, upholstered.

Base options:

Four legs base – Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe, altea blue or fluorescent orange. Plastic glides in white or black. Stackable up to 4 units.

Swivel base – Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, taupe, altea blue or fluorescent orange. Clear polypropylene injection glides.

Swivel wooden base – Calibrated steel swivel structure finished with oak veneer stained with the finishes of our collection. Clear polypropylene injection glides.

Sled base – Calibrated steel structure powder coated in thermoreinforced polyester in white, or black. Plastic glides in white or black. Stackable up to 4 units.

Four wooden legs base – Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.

***Flat Swivel base** – Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Plastic glides in black or translucent.

***Pyramid Swivel base** – Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Plastic glides in black or translucent.

***Pyramid casters swivel base** – Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black casters.

****Five casters base** – Aluminum swivel base powder coated in white or black high gloss, height adjustment system and black casters.

Arms options:

Metal arms – Calibrated steel arms powder coated in thermoreinforced polyester in black, or white.

Available for all bases and seats.

Upholstered metal armrest – Calibrated steel arms powder coated in thermoreinforced polyester in black or white and upholstered with leather or ecoleather.

Available for all bases and seats

Not stackable with arms.

Wooden arms – Calibrated steel arms powder coated in thermoreinforced polyester in black, or white with natural wood armrests stained with the finishes of our collection and white (open pore).

Available for all bases and seats.

Side table – HPL sidetable with aluminum mechanism and anti-panic system. Left or right handed versions.

Available only for four metal legs base.

NOTE: Structures of the sidetable and the chair are always in the same colour.

** Microtexturized powder coated*

*** Highgloss powder coated*
