SELETTI

The cyber-punk and visionary spirit typical of **DIESEL** finds its ideal “universe” with **SELETTI**. After exploring the “Cosmos”, a Wunderkammer of gorgeous eclectic rarities is created in chrome and gold coloured metal, telling its own unique story. Do not step on me - the snake, Wolf this way - the wolf skull, Culture Skulture - the human skull, Bone to be wild - the bone and Hellter Shellter - the Shell are collectibles to be admired in their own space: put together in an evocative composition or simply standing out on their own, they’re sure to bring character into any home.

The Dadaist-style collection is fruit of design and fashion cross contamination: industrial gears are embellished, re-interpreting their original function, the kitchen celebrates the workshop and the home becomes a construction site. Have fun now, Work is Over!

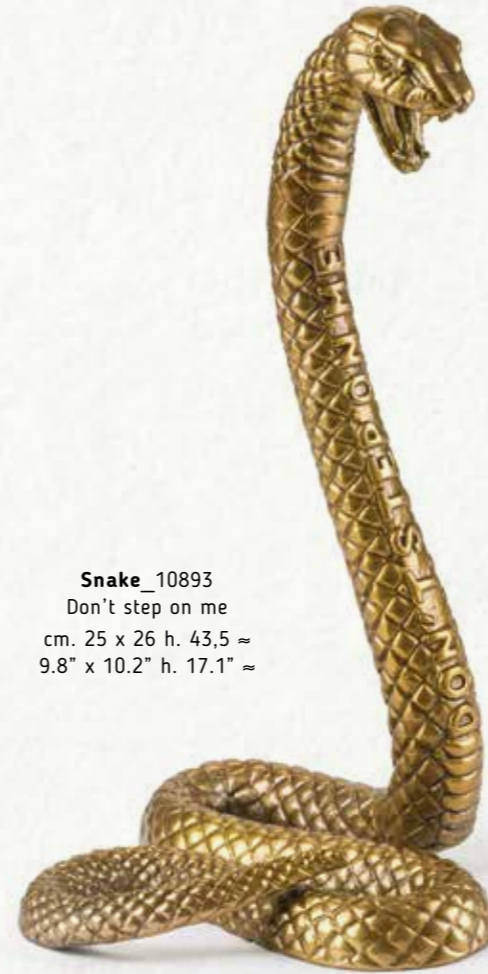

Feel as regal as a Horse, arrogant as a Leopard; be impetuous like a Bull or curious like a Bear. Let your primal instinct free and enjoy your Party Animal!
