## Nadia dining table

Paco Camús 2017

Inspired by the form and function of organics fractals, the Nadia's four symmetrical legs achieve a surprysingly rigid yet light structure. A chouse of stone or wooden tops each offer their own tone and style to adorn the table. The adaptability of the design to accomodate custom dimensions without compromising aesthetic or inteegrity allows Nadia to be either the perfect centerpiece or compliment to any decor.

Mesa de inspiración orgánica que reinterpreta la fractalidad vegetal con sus cuatro patas simétricas que se abren como manos y clavan sus tres dedos en la tapa, para conseguir una estructura sorprendentemente rígida y ligera. Este sistema de patas independiente nos permite regular sin problemas las dimensiones de la mesa, pudiendo ofrecer de este modo una gran variedad de medidas.
