

## LANDSCAPE DESIGNS

Inspired by the ever changing Scottish landscapes and shorelines around Mid Lothian, particularly Portobello, North Berwick and the Pentland Hills

## SHORELINE DESIGNS

Colourful and fun, the shoreline design is inspired by the beaches in East Lothian, collecting treasures along the shore. This design works particularly well on bowls, plates or trays.

## SWEETPEA DESIGN

This design reminds me of my favourite flowers- sweet peas! I love how the colours merge together and sit so nicely with each other. The addition of gold works well here.

## POLKA DOT DESIGN

A popular one! The dots are piped on with black slip before firing, giving a slightly raised texture. Another design that works well with gold added on.
