FAMILY!

**You can have your finger sized at a jewellers, or you can measure the inside diameter of a ring that you already wear but if that is not possible we've created this printable ring sizer for you to measure your finger circumference**

### YOUR PRINTABLE RING SIZER

You can have your finger sized at a jewellers but if that is not possible we've created this printable ring sizer for you.

#### Step 1:

Print this page ensuring your printer is set to print the page at 100%. You should find this in "Page Set Up".

#### Step 2:

Check your print out is accurate by comparing the measurements here with a ruler.

### SIZE YOUR FINGER

Cut around the Finger Gauge Outline. A handy tip is to cello tape the boxed area before cutting it out. Then cut a slit where indicated between the two arrows on the left of the Finger Gauge Outline.

To get an accurate reading - size your finger at the end of the day with warm hands. This is because cold fingers are slimmer and may give an incorrect reading.

Ensure the paper can slide up and down your finger reasonably easily, the width of the ring will grip your finger more than the paper! Remember you will have 14 days to return your ring for sizing up or down.

**RINGS  
SIZE  
GUIDE \***

\*  
The measurements shown  
below the circle refer to the  
internal diameter of the ring.  
The sizes match the inner  
edge of the ring. The measure  
c. refers to the circumference  
of the circle, therefore to the  
inner circumference of the  
ring.

This jewel has been designed and *handmade* by  
Livia Lazzari with her team of artisans.

Any irregularities must be considered a precious  
detail which makes this creation *special and  
unrepeatable*.

Just like every woman's beauty: *rare, unique and  
imperfect*.
