

# Bravilor Bonamat Esprecious®

FULLY AUTOMATIC COFFEE BREWER

**LAVAZZA**  
ITALY'S FAVOURITE COFFEE

**BRAVILOR  
BONAMAT**

Discover the barista in you! Make a perfect espresso or choose from one of the many other coffee specialities. With the Esprecious® you can prepare exceptional hot drinks in a professional way based on freshly ground beans. A powerful performance is demanded from an espresso machine during the preparation so only the best, strongest and most durable materials are used for the Esprecious®.

The Esprecious® is a comprehensive yet compact espresso machine with a conveniently arranged touch screen. This interactive menu offers the ability to adjust desired selections and strengths for any individuals taste. Adjustable LED lighting around the display ensures the Esprecious fits in with any interior or brand colour.

The easy to clean coffee-making system is built to last and is fitted with a precision ceramic grinding disc. The Esprecious® is available in various models, you can choose a machine with one or two grinders, or change the number of canisters for instant ingredients. The programming includes three drink size choices, enabling you to adjust the range of drinks offered to your specific situation.

## DELICIOUS COFFEE CREMA

Developed by Bravilor Bonamat, this brewer provides easy access for service whilst delivering a delicious crema for the perfect drink every time.

## ATTRACTIVE LED LIGHTING

Adjustable LED-lights surrounding the Esprecious menu, choose from any colour of the spectrum to match your brand or favourite colour.
