

Keurig Green Mountain **KEURIG** K140

SINGLE SERVE OFFICE BREWING SYSTEM

The Keurig® K140 Brewing System is the perfect solution for small businesses, individual offices, conference rooms and waiting areas.

With an easy-to-refill facility, the brewer will fit into almost anywhere, built to be incredibly simple and reliable. Soon to offer a choice of more than 20 varieties of gourmet coffees, teas and speciality beverages from brands like Starbucks® and Twinings®. Now everyone in the office can brew the beverage they love.

The K140 brewer is designed for the modern coffee drinker, with adjustable brew sizes including the large 10

oz., ready in less than 60 seconds. Each K-Cup® pod contains the finest beans - ground, measured and sealed in individual airtight packs, delivering quality and freshness every time. With Twinings® Tea and premium coffee, the K140 will create the gourmet experience in every brew for clients and staff.

A BEVERAGE FOR EVERY OCCASION

Whether you have a taste for bold, mild, exotic, fragrant, dark or light hot drink, the Keurig® Brewing System makes it happen simply and deliciously. No fuss - less mess.

THE PATENTED K-CUP® POD

Each K-Cup® pod is made with an airtight lid and cup locking out oxygen, light and humidity – ensuring a fresh and consistent flavour for each brew. You'll never have to worry about serving your guests a stale coffee again.

LARGE 10 oz. CUP

The Keurig® K140 large drink option will brew a 10 oz. cup of coffee, the perfect size for the modern consumer. The K140 will give you the flexibility in cup sizes for when you or your guests need that little bit extra!
