

# Keurig Green Mountain KEURIG K150P

## SINGLE SERVE OFFICE BREWING SYSTEM

Designed for medium-large office settings. Direct plumbed for back to back brewing without having to refill, or hand fill setup with 2.7 litre capacity.

The Keurig® K150P Brewing System brews the best cup of coffee, tea and more in under a minute and at the touch of a button.

The Keurig system features drink varieties from renowned brands like Starbucks® and Twinings®. The brewer is fully programmable, with an interactive colour touchscreen that lets you choose brew temperature and it can be connected to existing plumbing for back-to-back brewing. Auto Off and a language option for English, Spanish, or French make the K150P even more flexible.

The K150P brewer offers a choice of five cup sizes, a removable drip tray to accommodate travel mugs and a drainable internal hot water tank for transport or storage. Now everyone can brew what they love with no fuss and less mess.

## A BEVERAGE FOR EVERY OCCASION

Whether you have a taste for bold, mild, exotic, fragrant, dark or light hot drink, the Keurig® Brewing System makes it happen simply and deliciously. No fuss - less mess.

## THE PATENTED K-CUP® POD

Each K-Cup® pod is made with an airtight lid and cup locking out oxygen, light and humidity – ensuring a fresh and consistent flavour for each brew. You'll never have to worry about serving your guests a stale coffee again.

## 5 DRINKS SIZES-INCLUDING TRAVEL MUG 12 oz. OPTION

The Keurig® K150P large drink option will brew a 12 oz. cup of coffee, the perfect size for the modern consumer. The K150P will give you the flexibility in cup sizes for when you or your guests need that little bit extra!
