

ORR Protection Takes NOTIFIER® Nationwide!

Experts in Nationwide Fire Protection!

Companies that have multiple facilities spread all across the United States need ONE fire protection vendor that can provide a full range of services regardless of where the facilities are located. This is why ORR Protection is partnering with NOTIFIER to Launch a Nationwide Program for Mission Critical markets such as telecommunications and data centers. The nationwide partnership expansion with NOTIFIER showcases ORR's commitment to providing premier fire protection through a robust product offering in addition to its industry-leading design, installation, inspection, and service programs.

Nation's Leading Service Provider
Mission Critical Fire Protection Experts!®

WHO IS ORR PROTECTION?

Nation's Leading Service Provider
Mission Critical Fire Protection Experts!®

PROTECTING LIFE & BUSINESS

Since 1971, ORR Protection has installed, maintained and tested and inspected thousands of fire systems protecting billions of dollars in critical assets across the U.S. At ORR, our mission is to protect people, property, and the environment. It is no coincidence that over 65% of Fortune 100 companies trust their lives and businesses to ORR. We do not fail our customers when it comes to protecting them against fire.
