An Introduction to Your New DABOX Device

DABOX™ is the most powerful and convenient portable wax vaporizer. Having 40 watts instantaneous power at your finger tips, you will have the most intense vaping experience . DABOX™ currently comes with a Dual Quartz Clapton Coil and Dual Quartz Coil, and features Single Quartz Clapton Coil sold separately. You get to choose exactly how you want to vape. The patent pending Flip Door™ clicks to 45 and 90 degrees upon a twist, giving you access to quickly load material while on-the-go. The coil assembly simply slides out from the base for your convenience when you want to replace a coil.

- Simple Yet Powerful
- Built in Li-ion Battery
- Portability
- Flip Door™
- Interchangeable Coil System
- Glass Chamber
- LED Light Display
- 2A Quick Charge System

An Introduction to Your New DABOX Device

Packaging List of Components

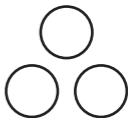

Things included in the box are following:

1 * DABOX

1 * Glass Dab Tool

3 * O Rings

1 * Dual Quartz Coil Head

1 * Silicone
Splash Guard

1 * USB Cable

1 * Quick Guide

1 * Dual Quartz Clapton Coil Head
(Preinstalled in DABOX)

Getting Started

1.

To power on the device, press the fire button 5 times consecutively. To vape, simply hold the fire button and inhale through the mouthpiece.

(To power off the device, press the fire button 5 times consecutively)

2.

Twist the base open to the first position (45 degrees).

Getting Started

3.

Use the provided scoop tool to load the material into the coil head. Tap the fire button to melt the material if necessary.

(We only recommend 0.1g - 0.2g of material per session to ensure the best vaping experience)

4.

Twist the base back to the closed position. DABOX is ready for use!

5. Press the fire button and enjoy your puff.

Coil Replacement

1.

Twist open the base to the second position (90 degrees) to access the coil.

WARNING:
ENSURE THAT THE DEVICE IS OFF AND THE COIL HEAD HAS COOLED BEFORE REPLACEMENT OR ADJUSTMENT! MAY CAUSE BURNS OR SERIOUS INJURY IF HANDLED WHILE HOT!

2.

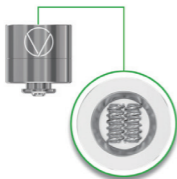

Grip the coil head on the sides and pull it straight out to remove the coil assembly from the base.

Coil Replacement

3.

Find your desired coil among with the 3 coil heads (Need to purchase separately).

Dual Quartz Coil

- Quick fire coil (Power at the tip of your finger)
- All day vape (Optimizing your battery function to give you long lasting power)

Flavor 🌿🌿🌿🌿

Vapor 🟢🟢🟢🟢🟡🟡

Heat Up Time 🟢🟢🟢🟢🟢

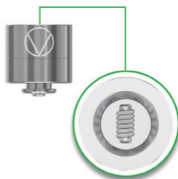

Dual Quartz Clapton Coil

- Maximized surface area for maximum hit
- Utilizing lower temperature for smoother hits

Flavor 🌿🌿🌿🌿

Vapor 🟢🟢🟢🟢🟢

Heat Up Time 🟢🟢🟢🟢🟢

Single Quartz Clapton Coil

- Optimized power and surface area for optimal flavor
- Designed for instant hit

Flavor 🌿🌿🌿🌿

Vapor 🟢🟢🟢🟢🟢

Heat Up Time 🟢🟢🟢🟢🟢

4.

Slide the coil assembly along the tracks back into the base.

1.

Connect the device to a wall adapter via the provided USB cable. We recommend a 2 amps charging adapter.

The device is fully charged when the red light is off.

Power Indicator

The light on the device changes color during use to indicate the remaining battery life as follows:

80% —100%
Power

Green - the device has
80%-100% battery life.

20% —79%
Power

Blue - the device has
20%-79% battery life.

0% —19%
Power

Red - the device has
0%-19% battery life.

Stealth mode:

When the device is on, press the fire button 3 times consecutively to switch between stealth on and off. The LED light will flash 3 times quickly.

Clean the glass chamber:

Using isopropyl alcohol to rinse and clean the chamber until all residue is removed. Allow parts to sit out and dry completely before you reassemble the device.

LED light flashes slowly:

It means coil head missing or atomizer short. Check your coil head if you are installed correctly or replace with a new one.

Vivant Product Replacement

This warranty provides free replacement of an authentic Vivant product if it malfunctions due to manufacturing defects. This warranty does not cover any damages outside of expected normal use.

Void of Warranty

Any one of the following conditions will void the warranty:

1. Failure to provide original receipt of purchase.
2. Product failure or damage due to improper use or unauthorized repair or alteration.
3. Product failure or damage due to the use of excessive force or user negligence (i.e. dropping the device, submerging the device in liquids, etc.).
4. Product failure or damage caused by using incompatible parts or wires (i.e. using the wrong power cable, etc.).

Voiding the warranty is not limited to the conditions stated above. This warranty only covers authentic Vivant brand products and is valid for two years from the user's date of purchase.
