Disposable Masks 10 pcs

A disposable 3-layer face protection mask that provides protection against drip infections and protects against various types of contamination. Special non-woven fabric ensures high air permeability, thanks to which the mask is easy to breathe while maintaining protection. The soft material guarantees comfortable use even for a long time. A special wire for modeling the nose area ensures a more tight fit of the mask. Construction: 3-layer non-woven fabric Application: disposable / non-medical Size: 9.5 cm x 17.5 cm. Packed and sold 10 pieces.
