

CUSHION

Replacement Guide

REVO WIRELESS

STEP 1 - Locate Stealth Release™ Tabs

Locate the Stealth Release™ tabs at 3 and 9 o'clock. Depress each one at a time and lift toward you. Note: each clip will have to be disengaged.

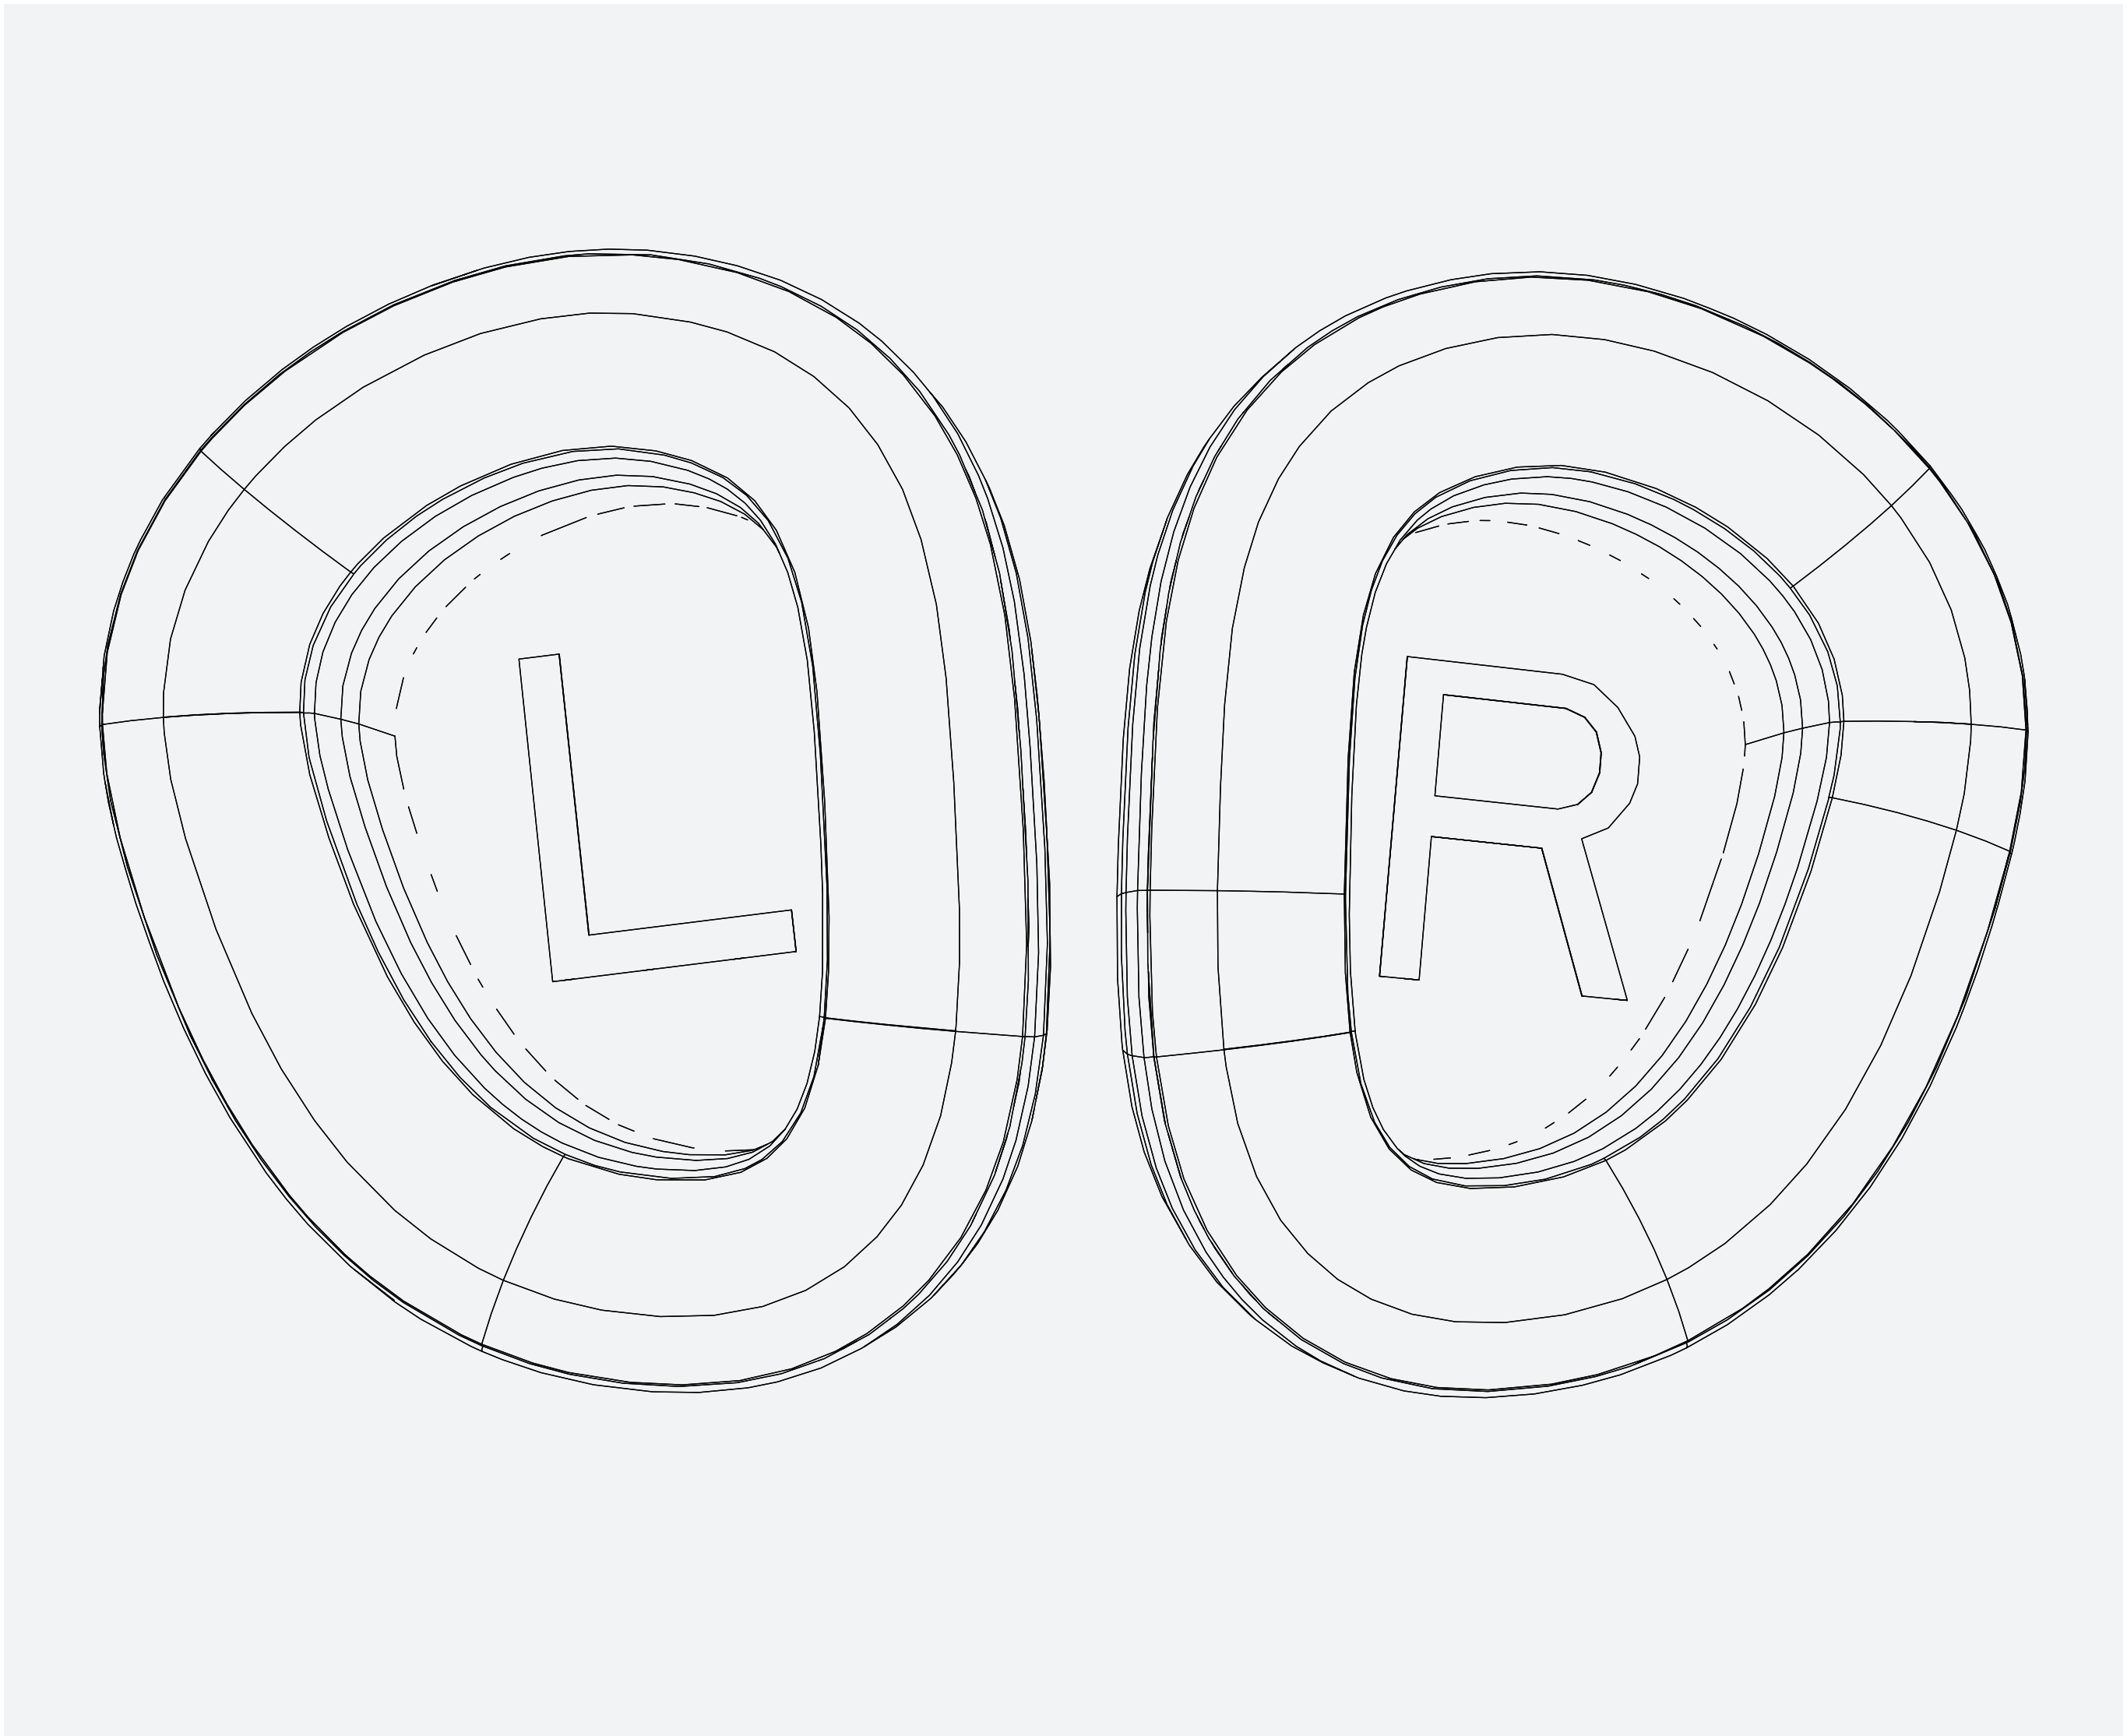

STEP 2 - Remove Cushions

Remove the ear cushions from the ear cups of the headphone

STEP 3 - Locate New Cushions

Locate the new ear cushion and make sure it is right side up

STEP4 - Reinstall Cushions

Locate the new ear cushion and make sure it is right side up. Apply pressure to both the tabs at 3 and 9 o'clock. The ear cushion will snap into place
