

# LITE SERIES

PN#: TW-50

HEADPHONE

TWT Audio's streamlined 2<sup>ND</sup> generation headphone design is lighter in weight than its predecessor, featuring a flexible memory-hold headband to comfortably fit listeners of all ages. It is constructed with ABS polymers to ensure maximum durability and to endure daily use. With a chew resistant braided fabric cable, it prevents damage from the toughest of chewers. The TW50 LITE headphone is a great, competitively priced option for everyday classroom use.

THE IMPROVED 2<sup>ND</sup> GENERATION TW50 LITE HEADPHONE IS DESIGNED SPECIFICALLY TO ADDRESS THE DEMANDS OF STUDENTS IN EDUCATIONAL SETTINGS.
