HydroStream

It is our purpose at HydroStream to provide the buyer with the most innovative engineering available to achieve a performance and styling unique to itself. The elements of HydroStream design are more than style, they are additions to performance. Intensive use of sculptured skinstressed surfaces reduce weight and increase strength. Superiority, however, is not attained by design alone. Craftsmanship and quality construction materials are a necessity. All prototypes of our models and materials undergo many hours of developing, testing, proving, correcting and retesting. HydroStream is continually researching and testing new concepts and materials to achieve a higher degree of performance and styling.

1977 World Racing Champion, Howard Pipkorn, member of the American Power Boat Association "Hall of Champions", and several time National Champion, uses his racing experience coupled with engineering skills to design HydroStream products. His winning record is positive documentation of HydroStream performance and endurance.

NOTE:

In some instances, photographs in this catalog show experienced drivers operating HydroStream boats in an extreme manner with special equipment and under optimum conditions. HydroStream does not recommend such use of its products or by the average or experienced driver without special equipment and/or under less than optimum conditions. We at HydroStream continually stress safety and recommend the use of life preservers and other safety equipment during all boating activities. Further, we encourage all drivers to exercise such prudence and caution in the operation of any boat warranted by their level of experience and the conditions present at the time.

THE REMEDIES SET FORTH ABOVE ARE THE SOLE AND EXCLUSIVE REMEDIES PROVIDED HEREUNDER AND HYDROSTREAM SHALL NOT BE LIABLE FOR ANY FURTHER LOSS, DAMAGES OR EXPENSES, INCLUDING INCIDENTAL OR CONSEQUENTIAL DAMAGES, DIRECTLY OR INDIRECTLY ARISING FROM THE USE OF ITS PRODUCTS.

Some states do not allow limitation on how long an implied warranty lasts, so the above limitation on the duration of any implied warranties not excluded hereby due to operation of law may not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion of incidental or consequential damages may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state-to-state.

ANY OBLIGATION ON THE PART OF HYDROSTREAM TO PERFORM ACCORDING TO THE TERMS OF THIS LIMITED WARRANTY IS SPECIFICALLY CONDITIONED UPON THE ORIGINAL PURCHASER'S COMPLETION AND RETURN OF THE HYDROSTREAM OWNER WARRANTY REGISTRATION CARD WITHIN 15 DAYS OF THE DATE OF PURCHASE.
