HIGH-POWERED CLEANER THAT'S SAFE ON THE ENVIRONMENT...
TOUGH ON GREASE & GRIME!

SC-14

STATION CLEANER & DEGREASER

■ **SC-14**® is a Ready-to-Use, all-purpose, cleaner degreaser that is biodegradable, near-neutral pH, environmentally safe and user friendly. It can clean tough grease, grime, soil and hydrocarbons and yet is safe for use on paint, diamond plate and polished metals. **SC-14** does not contain caustic ingredients such as Sodium Hydroxide or Sodium Metasilicate used in other cleaners that can permanently damage and dull your tools, metal & painted surfaces, diamond plate, automobiles and trucks.

**See product label for specific info.*

SC-14 Station Cleaner is an effective cleaner for ...

- Trucks and Diamond Plate
- Tools and Equipment
- Masks and SCBA Tanks
- Helmets and Harnesses
- Hoses and Nozzles
- Thermal Imaging Cameras
- Fire Station Walls and Cabinets
- Extraction Equipment

Available in quarts, gallons, 5 gallons, as well as 55 gallon drums and 275 gallon totes.
Read product label for specific detailed info.

SC-14[®]

STATION CLEANER & DEGREASER

PRODUCTS

**DON'T STOP AT
JUST CLEANING
YOUR TURNOUT
GEAR...**

**...IT ONLY TAKES
A FEW MINUTES TO
REMOVE DANGEROUS
CARCINOGENS FROM
ALL YOUR EQUIPMENT!**

TOOLS & EQUIPMENT

SC-14 Station Cleaner DEGREASER replaces many other damaging petrochemical cleaners and highly aggressive solvent degreasers. Use safely and confidently on almost any tools in the station including extrication, FLIR cameras, chainsaws, etc. without fear of oxidation, corrosion, dulling or compromised equipment function.*

MASKS & SCBAS

Keep critical breathing apparatus clean and free of carcinogens - SC-14 bonds to oil, grease and soot and rinses away permanently with just water leaving a residue-free surface.

HELMETS & HARNESSES

Clean even the most baked in grime off your helmets and safety gear in just a few minutes. SC-14 Station Cleaner can help with NFPA 1851 cleaning and maintenance compliance, while preserving and improving the function and longevity of leather and textile parts.

FIRE APPARATUS & VEHICLES

Not only is SC-14 safe on the environment, it's safe on painted surfaces and sensitive metals like exposed aluminum and chrome. This makes SC-14 Station Cleaner the ideal wash for fire apparatus interiors and exteriors, both of which are regularly exposed to contaminants in the course of response calls. Just spray on and wipe clean.

*Test prior to use on face plates and other plastics

ABOUT SC PRODUCTS

For over 20 years, we've delivered high performance, specialized cleaners and all-purpose degreasers that are **SAFE** and **EFFECTIVE**. Permanently remove oil, grease, soot and other hydrocarbons without damaging the very thing you're trying to clean. Our unique line of biodegradable products are trusted by professionals in a wide spectrum of industries including firefighting, oil & gas, mining, automotive, marine, janitorial and facilities management.
