www.hospequip.com.au

Thank you for trusting HospEquip with your equipment hire needs.

You can feel confident hiring from us because...

All our equipment is **serviced** according to manufacturers' guidelines

We **sanitise** all hire equipment before it leaves our premises

We can **deliver and pick-up** within the metro area (*various fees apply*)

While we will do our best to provide you with the exact product pictured in this brochure, we may occasionally have to substitute for a slightly different item if we don't have stock.

The substitute item will always be of the same quality and have the same functionality as the item you requested.

About the CLIENT ...

- I have checked the client's **height** and **weight**
(To ensure the Safe Working Load limits are not exceeded and the right sizes are selected)

About the Room ...

- The **room size** is big enough to accommodate the equipment
- The room is **empty** and ready for the equipment to be delivered
*(There is space to manoeuvre bulky items into place and any **other beds** have been **removed**)*

About the DELIVERY ADDRESS ...

please pre-warn us if any of the following apply

- The plot is **not level**
*(There is a steep **slope** or **steps** leading to the entrance)*
- The driveway is **gravel**
(The transport castors on the beds don't work on gravel - we may need an alternative)
- There is no **parking** in front of the house
(We need to know if we will need additional equipment or personnel to assist with delivery)
- The entrance hallway and/or passages are **narrow**
(Not all our beds are foldable - this may influence which one is better to send you)

About the BED ...

- The client needs a nursing bed

Nursing bed functions	Accessories		Bed size required
<input type="checkbox"/> Floorline	<input type="checkbox"/> Self-help pole		<input type="checkbox"/> Single
<input type="checkbox"/> Height Adjustable	<input type="checkbox"/> Self-assist rail		<input type="checkbox"/> King Single
<input type="checkbox"/> Backrest Raise	<input type="checkbox"/> Full Length Bedrails*		<input type="checkbox"/> Extra-length (ext panel)
<input type="checkbox"/> Knee Break	<input type="checkbox"/> ¾ Length Bedrails		* Remember mattress bolster if extending bed
<input type="checkbox"/> Trendelenburg Tilt	Left or right as viewed by the person IN the bed	<input type="checkbox"/> Left	
		<input type="checkbox"/> Right	* Full length bedrails will not fit on the bed when it is extended
		<input type="checkbox"/> Pair	

About the MATTRESS ...

- Static foam pressure care mattress is suitable (included in bed hire)
- Air mattress or dynamic air mattress needed - client is at risk of pressure injury
(These mattresses are an additional order item)
