Installation Instructions for Model 2070EX Console Safe®

The Lock'er Down Model 2070EX goes in the console of the Wrangler JL *It is a good idea to set the combination before you install the safe, and do it with the door open.

*Clear the contents out of the compartment.

*Remove the rubber mat from the bottom of your console.

*Place the right and left side panels inside the console and press against the sides.

*Place the bottom piece in the bottom of the console with the 4 slots over the 4 pin studs at the bottom of the side plates.

*Place 4 of the included acorn nuts on the pin studs but do not tighten.

Attach the top assembly to the side plates with the other 2 nuts then tighten all 4.

Enjoy your purchase.
