WELCOME TO  
**AMERICAN  
REBEL™**  
*America's Patriotic Brand*

8460 | Nieman Rd.  
Lenexa, KS 66014

It's a time in America when national spirit and American values are being rekindled and redefined. American Rebel has a strong belief in the Constitution and is an advocate for the 2nd Amendment. We convey a sense of responsibility to teach and preach good common practices of gun ownership. There's a growing need to know how to protect yourself, your family, your neighbors or even a room full of total strangers. That need is in the forethought of every product we design. The concealed carry lifestyle refers to a set of ideas around the decision to carry a gun everywhere you go. The American Rebel brand strategy is similar to the successful Harley-Davidson Motorcycle philosophy. A former chief executive at Harley-Davidson said, "It's not hardware; it is a lifestyle, an emotional attachment." American Rebel makes a statement about who somebody is.

# SAFES

## THE SAFE WITH AN

### Black Smoke | Freedom

Our Safes are constructed with the same strength and rugged independence that America was built upon. American Rebel's innovation, engineering, and design make keeping your guns safer and more secure in style.

Firearms should be kept in a location where only appropriate members of the household can access them. It should be the top priority of every responsible gun owner. Whenever a new firearm is purchased, the owner should also look for a way to store and secure it. A gun safe investment is one that you cannot afford to overlook.
